

Move between open applications with ease ^[1]

April 25, 2022 by [UIS Communications](#) ^[2]

Press **Alt+Tab** (**Command+Tab** in MacOS) to open a quick application switcher, which shows you all open files to quickly identify the one you want. Continue holding down the **Alt** key to keep the application switcher open, and use your mouse to select the window you want or click the **Tab** key to cycle through open windows. Release the **Alt** key once the desired window is highlighted.
