

Pinning a chat in Teams for easy access ^[1]

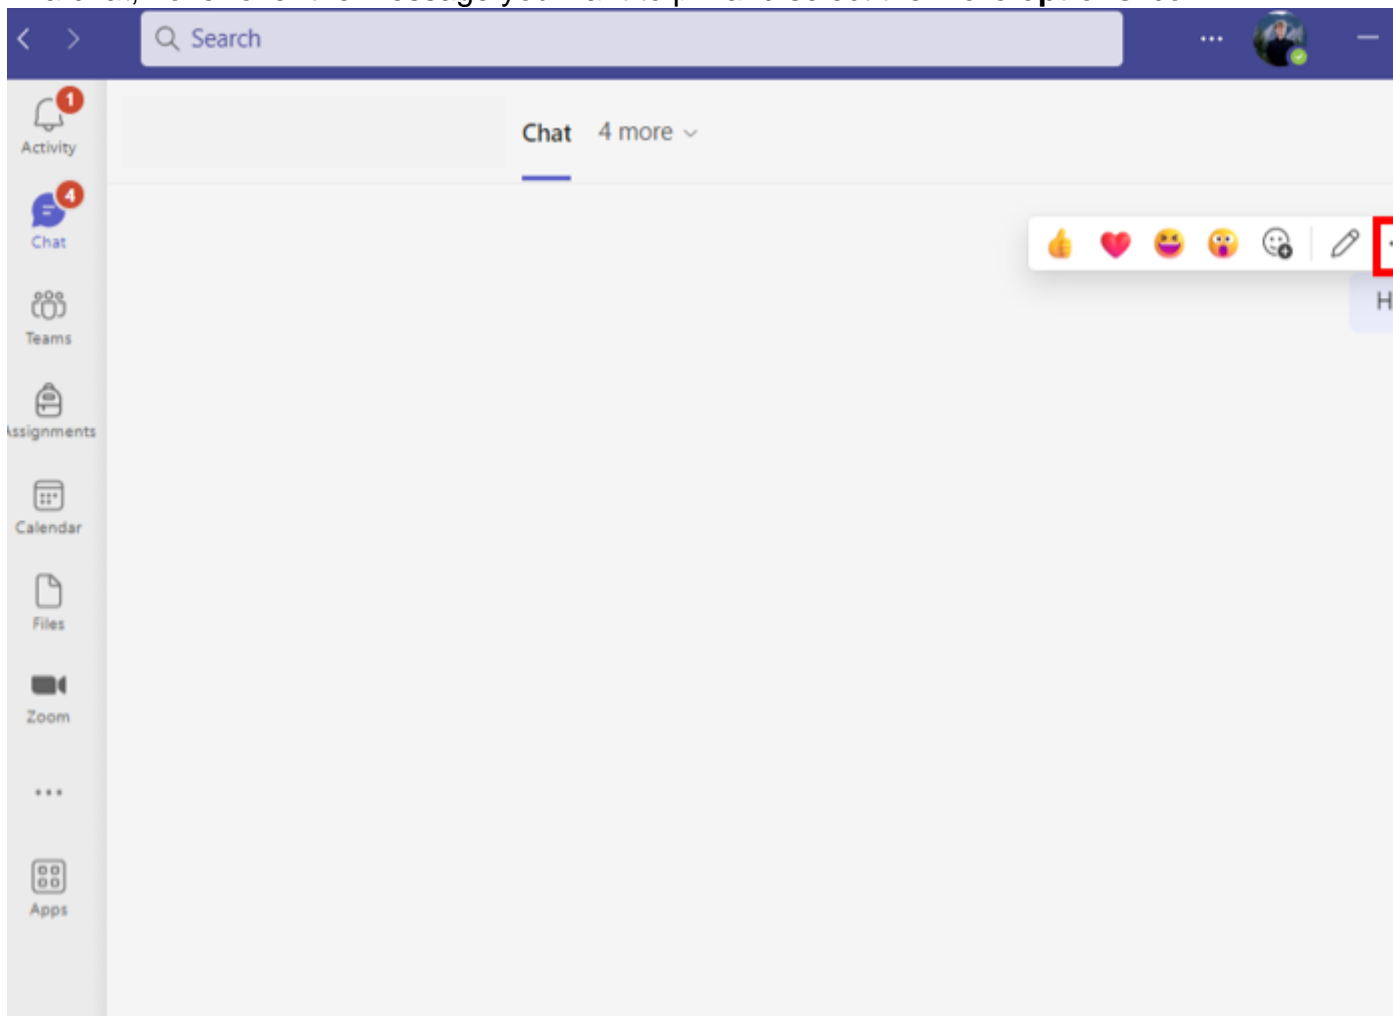

December 11, 2023 by [ES and UIS Communications](#) ^[2]

Rather than searching past Teams chats every time you need to reference important information shared in a message, you can pin the message. Use this tool to create easy reference points in your chats.

Pinning a message

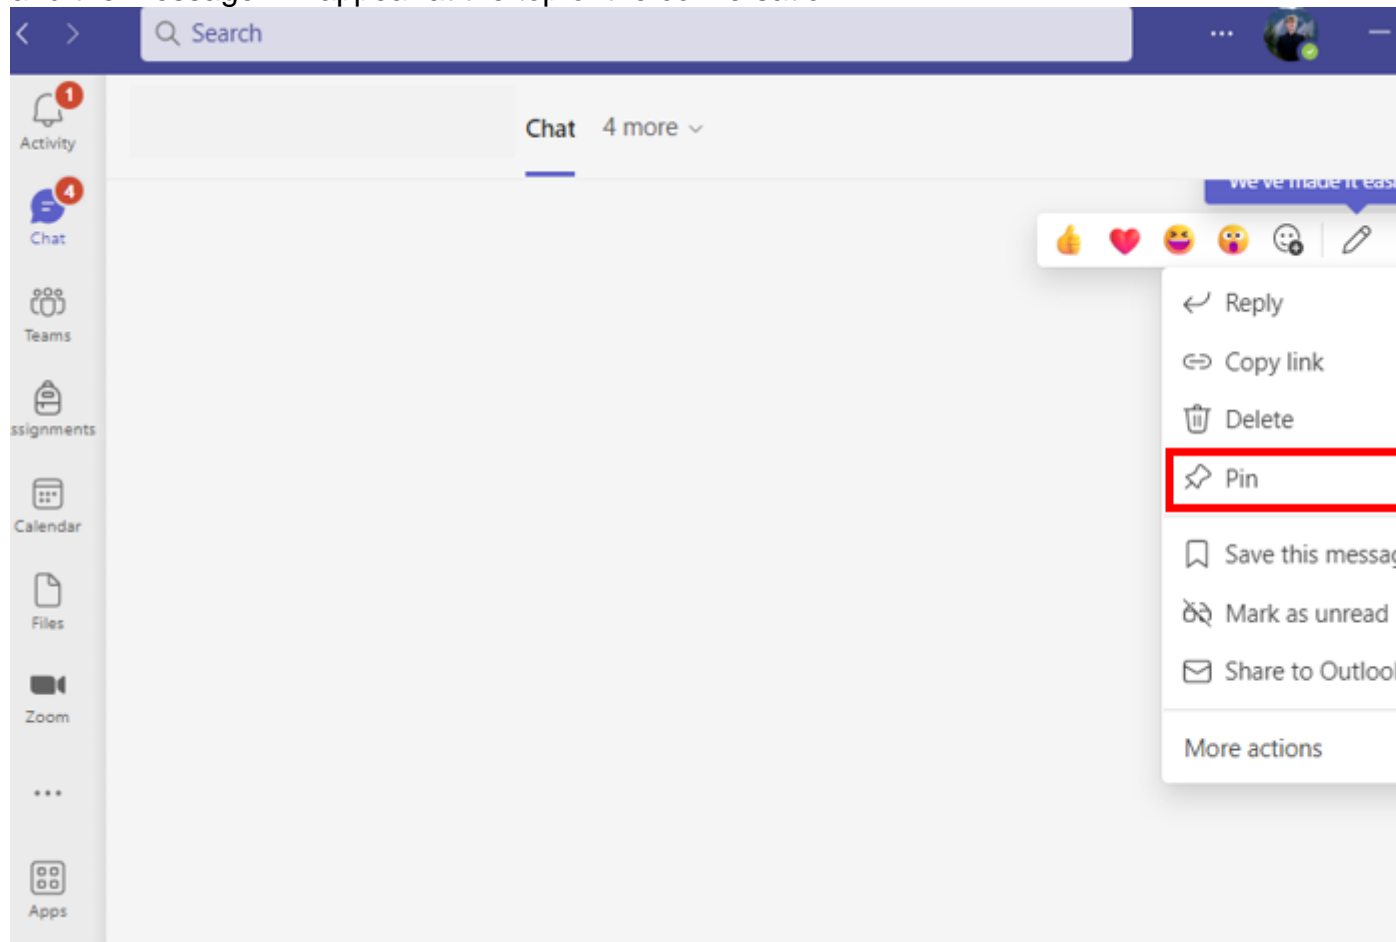

Pinned messages appear at the top of the chat and remain there until a new message is pinned or it is removed. Everyone in the chat can see a pinned message and anyone in that chat can also replace it.

1. In a chat, hover over the message you want to pin and select the **More options** icon

2. Select **Pin**

and the message will appear at the top of the conversation.
