

Select a browser homepage ^[1]

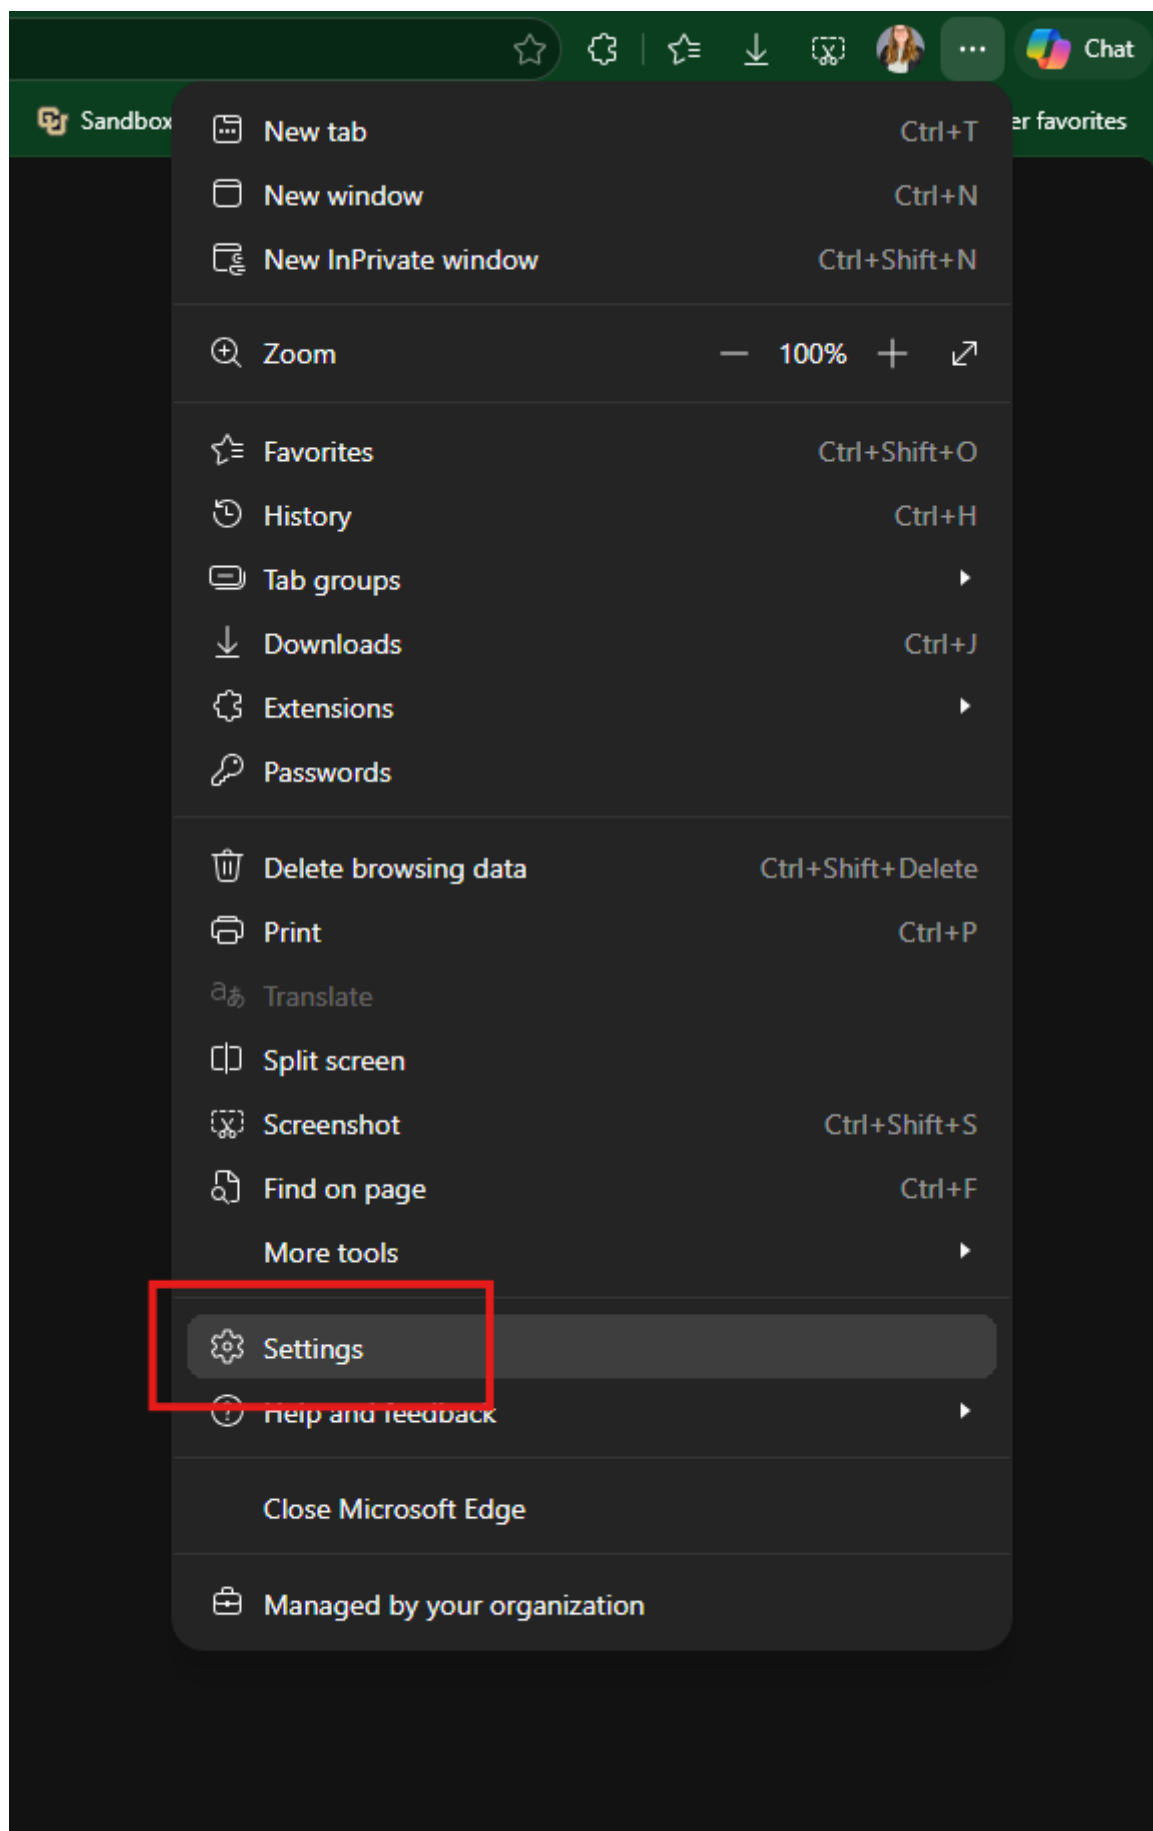

September 29, 2026 by [ES and UIS Communications](#) ^[2]

Have a website you open every single day? Make that site your browser homepage.

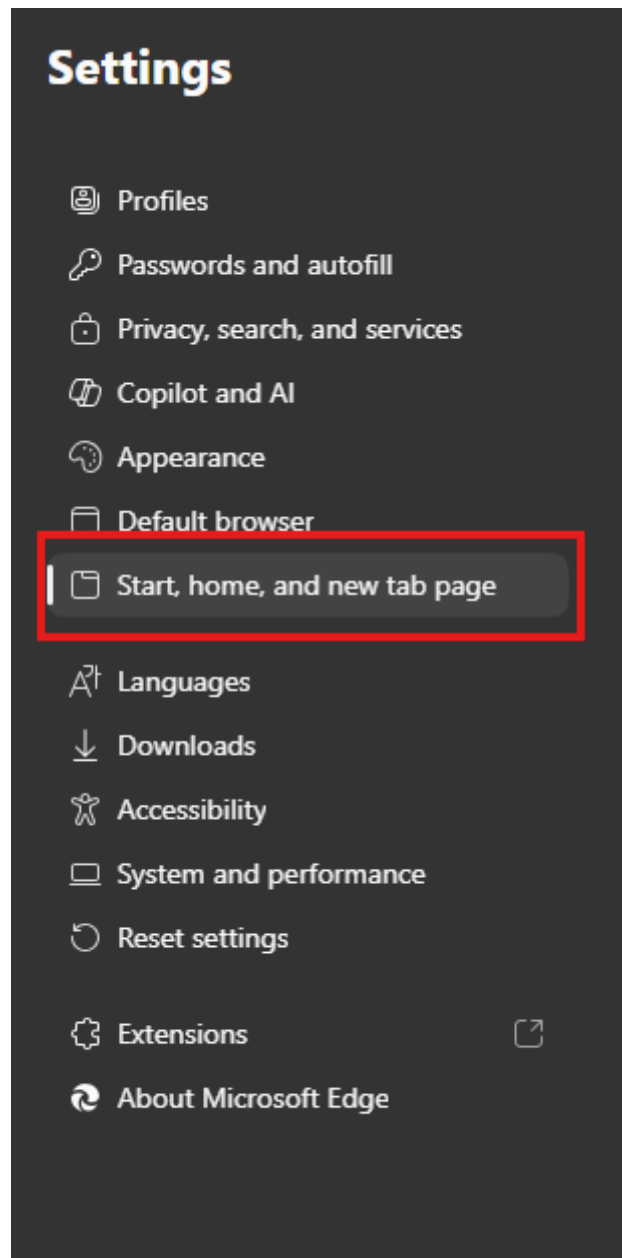

Everytime you open your work browser (Microsoft Edge, Google Chrome or Firefox), a designated site will open. This is a great tool to keep up with CU System updates and making [CU System Connect](#) ^[3] your homepage.

Microsoft Edge

1. In Edge, select the **settings and more** icon in the top-right corner.
2. Select **Settings**.

3. From the left-hand menu, select **Start, home and new tab page**.

4. Select **Open custom sites**.

Start, home, and new tab page

On startup

- ☐ Open the new tab page
- ☐ Open tabs from the previous session
- ☒ Open custom sites

Sites

Add site

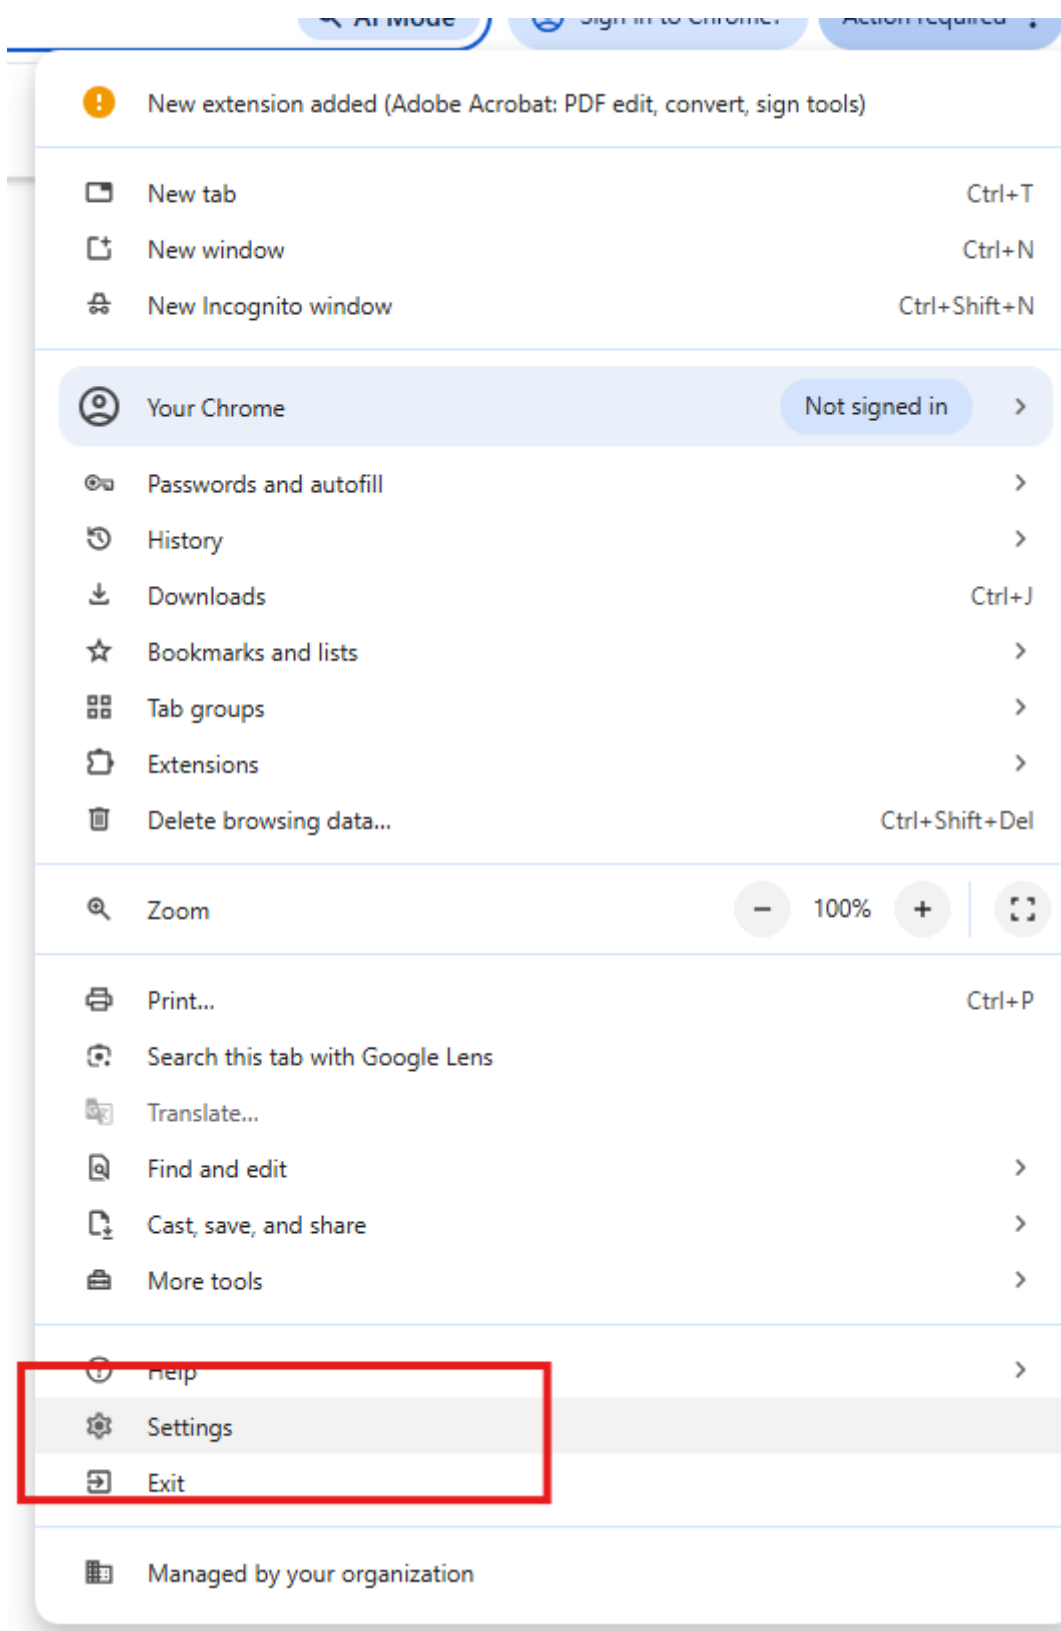

Clear the list and set it to all currently open tabs

Use all open tabs

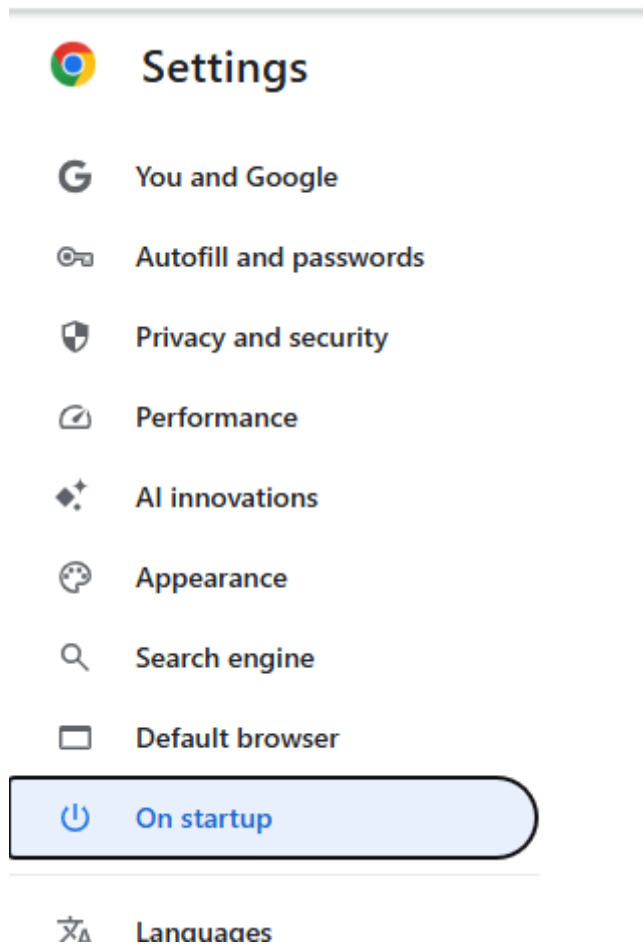

5. Paste in the URL of the site you'd like to open and click **Add**.

Google Chrome

1. Select the three-dot icon, then select **Settings**

2. Select **On Startup** in the lefthand menu.

3. Select the **Open a specific page or set of pages** radio button and select **Add a New Page**.

 Your [browser is managed](#) by your organization

On startup

- ☐ Open the New Tab page
- ☐ Continue where you left off
- ☒ Open a specific page or set of pages

[Add a new page](#)

[Use current pages](#)

Launch Chrome when Windows starts

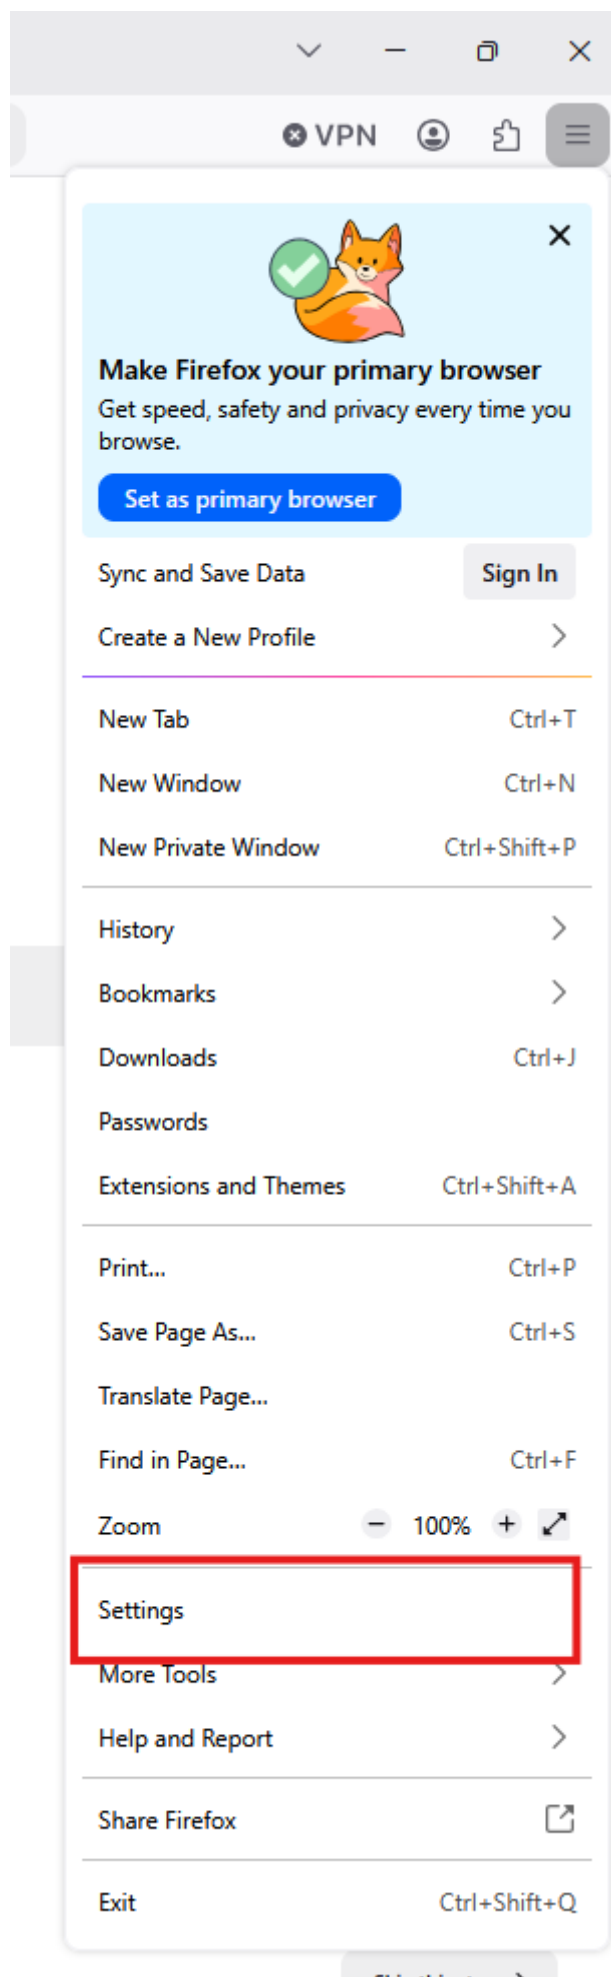

Launch Chrome automatically to begin browsing instantly.

4. Paste in the URL of the site you'd like to open and click **Add**.

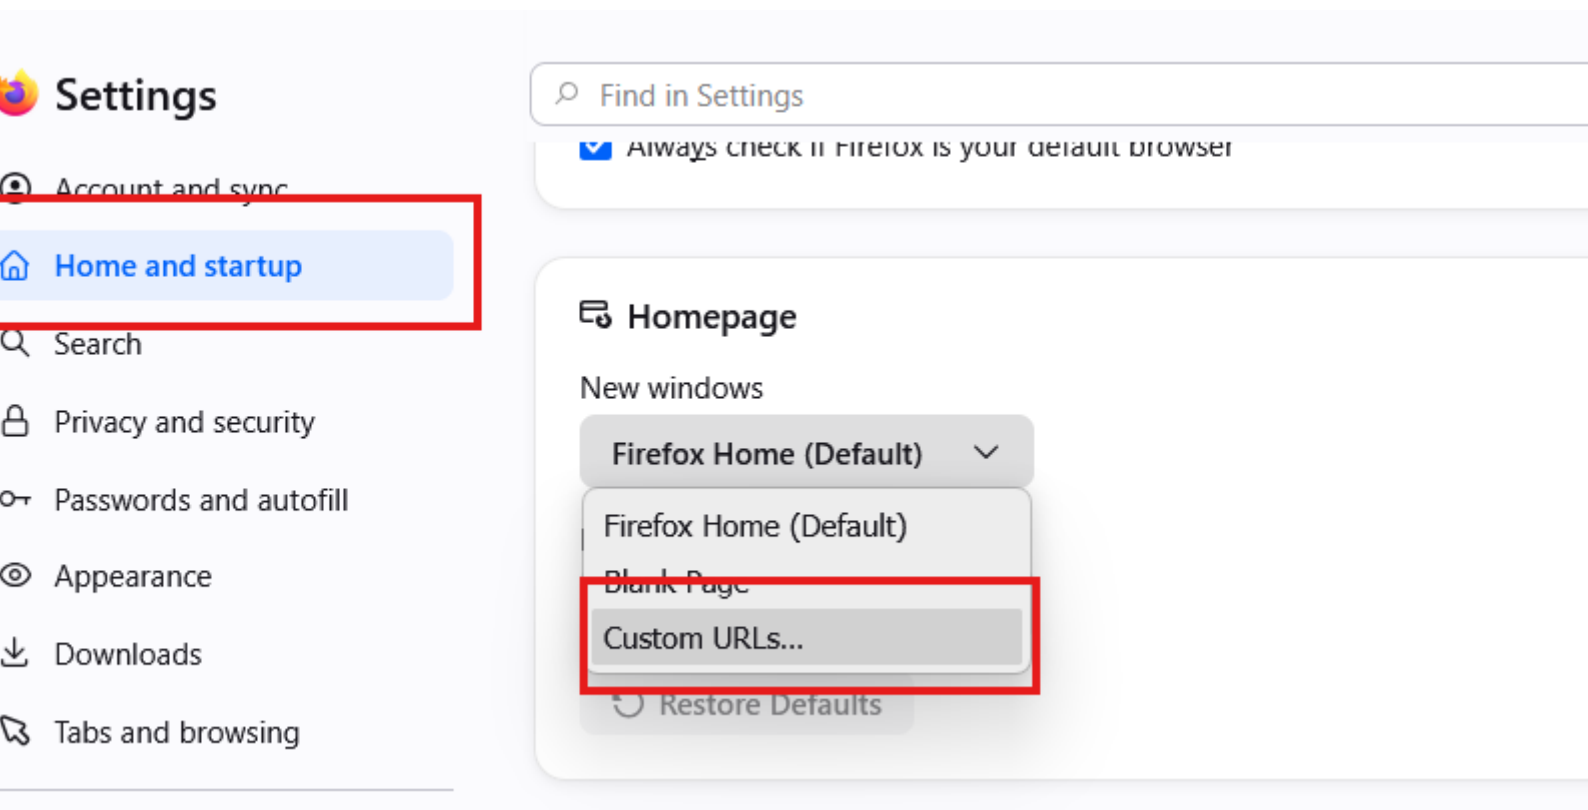

Firefox

1. Select the **Menu** icon in the top-right corner.
2. Select **Settings**.

2. Select **Home and startup** on the lefthand menu.

3. Under the **Homepage** section, select **Custom URLs** under the **New windows** dropdown.

4. Paste in the URL of the site you'd like to open and click Add.
