# What is your P: drive? [1]

July 2, 2020 by UIS Communications [2]

When you started at CU, you were provided a computer with access to three drives:

- P: drive (personal)
- S: drive (department/shared)
- R: drive (Scratch – open access)

Your P: drive is a great place to save files as it is continuously backed up to the university's servers, ensuring you can retrieve a file if it is accidentally deleted or lost.

Recover your lost files by submitting a ticket [3]to the UIS Service Desk. Have questions? Contact the Service Desk [4] with any questions regarding your P: drive while working remote.
