

UIS adds two new voices to Oracle HEUG Advisory Groups ^[1]

November 4, 2016 by [UIS Communications](#) ^[2]

UIS adds two new voices to Oracle HEUG Advisory Groups

[Oracle's Higher Education User Group's \(HEUG\)](#) ^[3] [Product and Technical Advisory Groups \(AG\)](#) ^[4] give a voice to members to advocate for and influence priorities and direction for each of Oracle's products.

As an Oracle strategic partner and higher education industry IT leader, UIS is strongly represented on Oracle's AGs for our universitywide applications. Representation on an AG shows UIS's industry leadership, as membership to a three-year term is by nomination only. UIS is currently represented on the Admissions, Contributor Relations, Reporting and Student Financials Product AG, as well as the Technical AG. CU has additional representation from the campuses on the Financial Aid and Project and Change Management Product AGs. Refer to Table 1 for CU's overall representation on AGs.

UIS is pleased to share that during the October HEUG AG election, two additional UIS staff members were elected to AGs, expanding CU's influence in two critical areas. Congratulations to Jill Ibeck, Director HCM Systems, who will serve on the HRMS Product AG and to Eric Bolinger, Senior PeopleSoft Administrator, who will serve on the Technical AG. Jill and Eric will be assigned their roles within their respective AGs at the HEUG Alliance conference in February 2017.

Want to learn more about CU's participation in Oracle's HEUG and AGs? Read more on [UIS News](#) ^[5]!

Table 1. CU's representation on HEUG's Product and Technical AGs
