Welcome New UIS Employees Oct. 1 – Dec. 31, 2024 [1]

January 22, 2025 by ES and UIS Communications [2]

Join us in celebrating new hires, transfers and changes to the UIS team!

New to UIS

Megan Harris	10/14/24	Sr. Program Success Analyst, eComm	Megan is a CU alumna and previous CU Boulder employee. She comes to UIS from the Colorado Community College System where she was a system administrator for their admissions customer relationship management (CRM). Megan joins the UIS CRM team as a senior program success analyst where she will guide strategy, roadmaps and delivery of the CRM eComm implementation. She has project management responsibilities, performs and supports business analysis, and leads customer relationship management while also serving as the voice of the customer in development operations. Megan enjoys traveling, reading, weightlifting, and creative hobbies like crocheting that can be enjoyed while listening to audiobooks.

Wilson Agbor	12/9/24	Sr. Data Governance Engineer	Wilson has more than 12 years of experience in the data landscape as a data engineer, specializing in designing and implementing enterprise data platforms, building fast and resilient data pipelines, enforcing data governance strategies, enabling businesses to harness data insights through collaboration, training and applied analytics. Some of the past companies he has worked with include Orange Telecom in France, Ohio Medical Mutual and Silvercar Audi. Wilson will be working with CU Data Governance to improve reporting and analytics capabilities. He will work closely with internal functional and technical teams, advising key partners, developing analyses and reports, and presenting upgrades, patches, and improvements to the Collibra system. When Wilson is not behind his computer coding, he is a musician and a recording artist by the stage name Ma Rayzer. He plays the African drum and sings West African Folklore.

Changes within UIS

Om Tandukar	11/15/24	Principal Production Support Professional	Om started at CU in 2013 and worked on automation in various enterprises. In his new position, he'll be involved more in projects, Automic administrator duties and upgrades, and leading and mentoring his team members. When not working, Om enjoys vacations, spending time with family, and playing soccer.

			Kevin has over 20 years of experience in systems integration and web technologies, a majority of which has been in higher ed and the past 13 years of which have been with UIS.
Kevin Sarsen	12/1/24	Assistant Director of Integrations Platform	Kevin's new role exists to support the next generation of enterprise data exchange at CU by providing and maintaining a standardized and secure data exchange platform built on modern technologies capable of streaming real-time and highly available data. In his free time, Kevin enjoys backpacking, fly-fishing and ultrarunning.
Brad Judy	12/30/24	Interim CISO	Brad is serving as the interim chief information security officer. In this role, he will focus on multicampus efforts to report on and reduce IT security risks, facilitating systemwide collaboration and empowering CU leadership to make informed decisions. Brad has served as the deputy CISO since 2022 and, before that, as the information security officer for the System Administration division of CU. Previously, Brad worked in IT security at Emory University for three years and in various IT positions on the CU Boulder campus for 13 years. Outside of work, Brad enjoys local live music, creative projects and spending time with his family.
