

Welcome UIS New Hires – May 2018 edition ^[1]

May 17, 2018 by [UIS Communications](#) ^[2]

The UIS team has new team members to welcome—congratulations and welcome to these new staff members!

Name	Position	New, Transfer, Promotion	Start Date	Info
William Shelby	Promotion to Systems Administrator	Promotion	4/1/18	William Shelby has been promoted from Enterprise Systems Technician to Systems Administrator on the Enterprise Cloud Services (ECS) Infrastructure team. In his new role, William will focus on the administration and support of infrastructure hardware, software and associated services. He will help manage server operating systems, including directory services and storage maintenance, supporting messaging services and managing voice services.
Laura Abeyta	Sr. HCM Core Business Systems Analyst	New	4/2/18	Laura has joined UIS as a Sr. HCM Core Business Systems Analyst. In her role, Laura will assist developers and the HCM Core Application Manager with analysis, configuration, testing, implementation and troubleshooting of application issues within HCM, primarily but not limited to, the HCM Core modules. She is also responsible for assisting with functional design specifications and test plans.

Name	Position	New, Transfer, Promotion	Start Date	Info
Manali Agrawal	Change & Release Coordinator Intern	New	5/9/18	Manali has joined UIS as a Change & Release Coordinator Intern. In this role, Manali will be involved in managing Requests for Change (RFCs) from receipt to closure, ensuring target dates are met and change records are escalated appropriately. She will be responsible for working with various stakeholders including originators, sponsors or technical leads to obtain missing information or to confirm change records.
Anuroop Ranghat	Sr. PeopleSoft Administrator	New	5/14/18	Anuroop has joined UIS as a Sr. PeopleSoft Administrator. In his role, Anuroop will support current PeopleSoft applications. He will be responsible for designing, building and maintaining PeopleSoft environments, supporting system rollouts, responding to and troubleshooting escalated operational issues, while managing internal and external customer relationships.
Harrison Le	Student Service Desk Technician	New	5/16/2018	Harrison has joined UIS as a Student Service Desk Technician. In his role, Harrison will provide desktop support to System Administration staff to include endpoint support, hardware and software installation, troubleshooting and meeting setup. Harrison will also work to provide Tier 1 phone and email support of UIS enterprise services.
