 - Other factor as determined by the Secretary of the Treasury or his delegate

Coronavirus-related retirement distribution

Until Dec. 31, 2020, qualified members can withdraw up to \$100,000 from retirement plans without the 20% mandatory federal tax withholding or the 10% early withdrawal penalty. Participants spread taxes on the distribution over three years.

To withdraw money, participants must self-certify their eligibility with their retirement plan carrier that they will not withdraw more than \$100,000 across all plans.
