A redesigned CU Resources area of the [employee portal](#) <sup>[3]</sup> went live in July. **This only affected the CU Resources area, not faculty or student portals.**

This update gave employees several upgrades, including:

- New search features that will allow you to find items throughout the portal
- Drag and drop tiles to personalize your homepage
- A drop down menu accessible throughout the portal

### **What does this mean for you?**

- Approvals and timecards on the go
- Easily search for items in the search bar
- Customizable homepage for the items you use the most
- Fewer clicks to get to what you want with more homepage tiles
- A more personalized, efficient experience
