Since the start of the campaign in 1987, state employees have donated more than \$35 million to a variety of participating Colorado-based charities. In 2025-26 more than \$500,000 was donated by Colorado state employees. All participating charities are reviewed by a committee of state employee volunteers to ensure they comply with all 501(c)(3) requirements and have a Colorado connection. This year, more than 220 nonprofits have chosen to participate. In previous years, combined donations from CU faculty and staff have averaged more than \$100,000.

By participating in the Colorado Combined Campaign, CU and state employees not only support services and programs in their communities but also join a collective effort to enhance the quality of life across Colorado.
