

It only takes one minute to make a positive impact on your life, starting with Omada ^[1]

October 4, 2017 by [Employee Services](#) ^[2]

While losing weight, it may feel like you are on your own while creating a healthy lifestyle. You no longer have to feel alone in your quest for better health by joining [Omada](#) ^[3].

This online, lifestyle-intervention program offers a new way to get healthy by providing social support networks, fun health lessons and health-based technology to reduce your risk for Type 2 diabetes and heart disease.

The best part? As a CU Health Plan Member, you don't have to spend a dime; your plan has you covered.

Participation includes:

- A wireless scale that can connect to your phone to help monitor your progress
- A personal health coach for extra support
- Access to a social media network with peers on the same journey
- Weekly online lessons to educate and inspire

All CU Health Plan members can participate, regardless of current health status. Take a quick [one-minute quiz](#) ^[3] to determine your risk for chronic health conditions such as Type 2 diabetes, heart disease and hypertension before applying.

The fee for your program has been waived in partnership with the CU Health Plan. When applying, the enrollment will ask you to provide a CU Health Plan Member ID. This will be your six digit employee ID number.
