April 10, 2026 by [ES and UIS Communications](#) <sup>[2]</sup>

The University of Colorado offers a varied menu of medical, dental, vision, savings, and life and disability plans for eligible Graduate Medical Education (GME) residents. Open Enrollment is your annual opportunity to make changes to your CU benefits without a qualifying life event. This year's enrollment window runs from **8 a.m. MT April 20 through 5 p.m. MT on May 8**.

### **At a glance**

The new plan year starts July 1 and includes several updates to CU Health Plans:

- **New in-network provider:** Children's Hospital Colorado is now an in-network provider on the CU Health Plan — Pathway.
- **FSA limit increase:** The annual limit for a Dependent Care Flexible Spending Account will increase to \$7,500 per household, or \$3,750 for married couples filing separately (up from \$5,000).

### **Plan changes for GME enrollees**

GME residents will see changes to their coverage options. First, the [Pathway plan](#) <sup>[6]</sup> will be offered **at no cost** to GMEs for all levels of coverage, from single to family coverage.

Premiums for [CU Health Plan – Kaiser](#) <sup>[7]</sup> will **decrease**, ranging from \$42.33 for single coverage to \$94.36 for family coverage. Premiums for [CU Health Plan – Exclusive](#) <sup>[8]</sup>, [Delta Dental Choice](#) <sup>[9]</sup> and [Optional Vision](#) <sup>[9]</sup> will **increase** slightly.

Premiums for [CU Health Plan – High Deductible](#) <sup>[10]</sup> and the [Delta Dental Essential](#) <sup>[11]</sup> plan will remain the same. See the [GME rate sheet](#) <sup>[4]</sup> for details.

Additionally, copays for all weight-loss GLP-1 medications will increase from \$50 to \$100 for a maximum 30-day supply on the Pathway and Exclusive plans. GLP-1 drugs prescribed for diabetes and other diagnoses remain at a \$50 copay.
