Request access to HCM, FIN and other systems within your employee portal [1]

October 23, 2019 by (not verified) [2]

A new tile is available in the employee portal for requesting access to HCM, FIN, OnBase and more.

Quickly request access to CU systems by following these steps:

1. Log into your employee portal [3]
2. On the homepage, you will see a new tile titled “Request System Access.” Click on this tile
3. You are now on the Request Access page

After you request access, you will receive a notification if you are approved.

Have questions about this page? Contact access@cu.edu [4].
