Why should you take these courses?

The skills you gain from LinkedIn Learning courses aren't just a resume booster, they help you to sharpen foundational skills, explore new subjects, fill experience gaps and grow your career. By engaging with these courses, you gain:

- **Practical knowledge:** Learn the most relevant tools and techniques used in a given subject area.
- **Increased confidence:** Improve your ability to take on new challenges and projects with exercises and study material.
- **Career growth:** Expand your skill set to open new opportunities.

Whether you're looking to enhance your Excel skills, improve your leadership capabilities, or get up to speed on effective and responsible AI use, there's a course for everyone. LinkedIn Learning is offered at no-cost to all CU students and employees and can be accessed at any time.

Start your learning journey today and make the most of the resources available to you. It's time to invest in yourself and unlock your potential. Visit LinkedIn Learning [3] today.
