

Business Operations ^[1]

B

Business Operations provides important financial and service functions to all areas of the university. Centrally housing the expertise for accounting, procurement, and risk management helps lower the university's administrative costs.

Business Operations comprises four units:

- [University Controller](#) ^[2]
- [Procurement Service Center](#) ^[3]
- [Risk Management](#) ^[4]
- [System Administration Business Office](#) ^[5]

Groups audience:

Budget, Finance, and Government Relations
