

## **I'm interested in increasing my contributions to my 403(b) Plan. Should I wait to do so until after the transition?** <sup>[1]</sup>

You can make changes to your 403(b) contributions at any time. Please submit your salary reduction agreement <sup>[2]</sup> to Employee Services by the 10th of each month to ensure your new contribution amount will be reflected in that month's pay.
