Campus and Workplace Culture Survey ^[2]

The University of Colorado system and campuses launched the Campus and Workplace Culture (CWC) Survey fall of 2021. The University of Colorado is committed to creating an inclusive environment where all members of our community feel respected, supported, and valued. The purpose of the Campus and Workplace Culture Survey is to gather information from CU students, staff, and faculty about their academic, workplace, and residential environments.

CWC Pulse Survey ^[3]

System Administration conducted a follow up survey in October and November 2023 to check our progress on achieving the culture goals established as part of the CWC survey.
