About COLTT
The 2019 COLTT Conference will be held on August 8 and 9 on the CU Boulder Campus.

COLTT engages participants in learning about teaching practices and technologies, challenging the way they think about both. By attending sessions and hands-on workshops, attendees are able to network and gather effective practices that change the way they teach and learn in classrooms, online, and in virtual environments.

**Who Attends COLTT?**

Attendees join us each year from a broad range of educational institutions and private organizations. Many Colorado colleges and universities are well-represented, as are numerous post-secondary schools and community colleges from the Rocky Mountain region. We also host national and international attendees from a number of places each year. Renewal credit for educators is available where applicable, and upon request by attendees.
