Chris Seek - CPE Instructor [1]

Chris Seek is the Multimedia Communications Program Director at the University of Colorado, Office of University Controller.

Chris develops and maintains the online presence for the CU System Office of University Controller. He is responsible for website design and communications and for digital design/multimedia strategy to further both long- and short-term missions and goals.

Chris joined the Office of University Controller in November of 2017 after working at the Anschutz Medical Campus for 4 years.
