Concur How-to: Adding Attendees to Official Function Expenses [1]

For purchases made using the Procurement Card or Travel Card, or for personal reimbursements, the Official Function paper form is NOT required. Alcohol and official function information is entered directly into Concur for each expense. It is important you select the appropriate expense type so that Concur routes for the appropriate approvals.

You're required to list attendees when:

1. alcoholic beverages are being purchased (in any dollar amount) for an official function/conference; or
2. the total cost of food/beverage exceeds $500; or
3. the per-person cost exceeds $85 (regardless of total cost).
