CU Innovation & Efficiency Awards [1]

Deadline March 31, 2024

Get recognized for improving CU business processes

CU employees have good ideas that they put into practice every day, saving the University time, money, and hassles. The CU Innovation & Efficiency (CU I&E) Awards Program is designed to recognize these practices.

Tell us how you've re-engineered operations, enhanced communication, built employee engagement, improved customer service, or otherwise made CU work better. You can inspire other employees to take a new look at their own procedures. You may even win a cash prize.

Learn what others have done

We encourage all employees to check out the excellent projects shared with previous years' award programs [2].
