The votes have been tallied and the winners decided. Find out who won. [2]

### Get recognized for improving CU business processes

CU employees have good ideas that they put into practice every day, saving the University time, money, and hassles. The CU Innovation & Efficiency (CU I&E) Awards Program is designed to recognize these practices.

Tell us how you've re-engineered operations, enhanced communication, built employee engagement, improved customer service, or otherwise made CU work better. You can inspire other employees to take a new look at their own procedures. You may even win a cash prize.

### Learn what others have done

We encourage all employees to check out the excellent projects <u>shared with previous years'</u> award programs [3].
