CU Innovation & Efficiency Awards: Many Exciting Submissions [1]

April 5, 2024

The 2024 program year for the CU Innovation & Efficiency (CU I&E) Awards [2] has wrapped up its submission phase.

We received a number of terrific submissions during the final week of the program. All have passed initial vetting and are posted on our CU I&E website under Current Submissions [3]. We'll be discussing each of them in future OUC Newsletter articles -- however, feel free to check them out now [3]! Contact information is available for every submission, so please feel free to reach out directly to the innovative team with any questions you may have about their good work.

Also coming up in future OUC Newsletter articles:

- Announcements about which submissions move on to the Finalist stage.
- At the end of each year's program submission period, the selection committee reviews all posted submissions in order to identify a group of finalists.
- The finalists form the pool for award consideration.

Thanks to all who shared their innovative projects with us -- and we appreciate your hard work and dedication to making CU work better.
