

m-Fin Training August 27: Find the Right Report Faster with m-Fin Launch ^[1]

August 21, 2026

Whether you're new to CU financial reporting or an experienced user, finding the right report can take time.

m-Fin Launch makes it easier.

Join our August 27 Continuing Professional Education (CPE) webinar to learn how m-Fin Launch helps you quickly identify the financial reports that best fit your reporting needs.

Rather than providing a traditional financial report, m-Fin Launch serves as a **reporting guide**. Based on a SpeedType, Org/Org Node, Project, Award, or Project Principal, **m-Fin Launch creates a customized menu of recommended reports**, so you can spend less time searching and more time finding the information you need.

What You'll Learn in the August 27 Class:

By the end of the webinar, you'll know how to:

- Access and run m-Fin Launch in CU-Data
- Understand reporting options for each prompt type
- Launch recommended reports directly from the m-Fin Launch menu
- Find related training resources and documentation
