

CPE: Not Sure Which CU-Data Report to Run? Start with m-Fin Launch ^[1]

August 6, 2026

Whether you're new to CU financial reporting or an experienced CU-Data user, finding the right report for your department can take time. m-Fin Launch makes it easier.

Join our **August 27 Continuing Professional Education (CPE) webinar** to discover how m-Fin Launch helps you quickly identify the CU-Data reports that best meet your reporting needs.

Unlike a traditional financial report, m-Fin Launch serves as a **reporting guide**. Based on a SpeedType, Org/Org Node, Project, Award, or Project Principal, it generates a customized menu of recommended reports—helping you spend less time searching and more time finding the information you need.

With this webinar, you'll be able to:

- Navigate the CU-Data system to access and run m-Fin Launch.
- Understand the reporting options available for each prompt type.
- Launch recommended reports directly from the m-Fin Launch menu.
- Access related training resources and documentation to support your reporting needs.

Ready to simplify your reporting process? **Visit the CPE Schedule & Registration ^[2] page and register today.**

We look forward to seeing you online!
