

OUC Form News ^[1]

August 6, 2026

We've been working with our colleagues and customers to improve the business process behind several OUC-provided forms. Let us know your feedback: FSS@cu.edu ^[2].

Gift-in-Kind Acceptance (GIK)

- The [GIK form](#) ^[3] has been updated to streamline input of required information for the System Advancement Gift Planning team, including revising language to align with CU Ascend data, adding fields to obtain travel-related information, requiring signature from GIK custodian, and clarifying date of ownership.
- In addition, the Gift Planning team has launched a new donor-facing online [GIK Acknowledgment Request](#) ^[4] form for gifts-in-kind valued at less than \$500 with no special circumstances. Documentation for these items will consist of the submitted gift details rather than a GIK Acceptance Form.
- These new procedures create efficiencies, allowing the Gift Planning team to dedicate time and effort toward more complex GIK transactions.
- Questions? Contact GIK@cu.edu ^[5].

Recognition Program Authorization (RPA)

- The RPA form has been updated to include the SpeedType proposed to cover recognition program expenses.
- The new field will save time and effort on the part of officers and org fiscal principals who are interested in viewing the funding source for the proposed program.
- Questions? Contact FSS@cu.edu ^[2].
