

## **Reminder: IRS 1099 Reporting Change effective January 1**

<sup>[1]</sup>

December 23, 2025

As discussed earlier this month, the Internal Revenue Service will soon be increasing the general reporting threshold for most payments on Form 1099-NEC (Nonemployee Compensation) and 1099-MISC (Miscellaneous Information). The current threshold of \$600 will increase to \$2,000 effective January 1, 2026. There is no change to the \$10 reporting threshold for certain types of payments, such as royalties.

As a result:

- For reportable payments made to non-employees *during Calendar Year 2026*, the University will issue a 1099-NEC/1099-MISC if the aggregate amount paid is \$2,000 or more during 2026.
- With the increased IRS reporting threshold, CU's internal reporting threshold is also increasing: Effective 1/1/26, departments will report *non-employee* cash-like/petty cash/non-cash distributions to the PSC if the aggregate amount exceeds \$700 during 2026.
