Finance System - Annual Update Time! [1]

February 16, 2026

February brings the annual PeopleSoft Update Manager (PUM) update for the Finance System.

- This year's PUM update is scheduled for **Monday, February 23, 2026.**
- It introduces **enhancements to the FIN search pages.**
- There are **no changes to the inquiry or transactional pages.**

What's Changing?

Search pages in FIN will feature a two-column layout designed to streamline your processing.

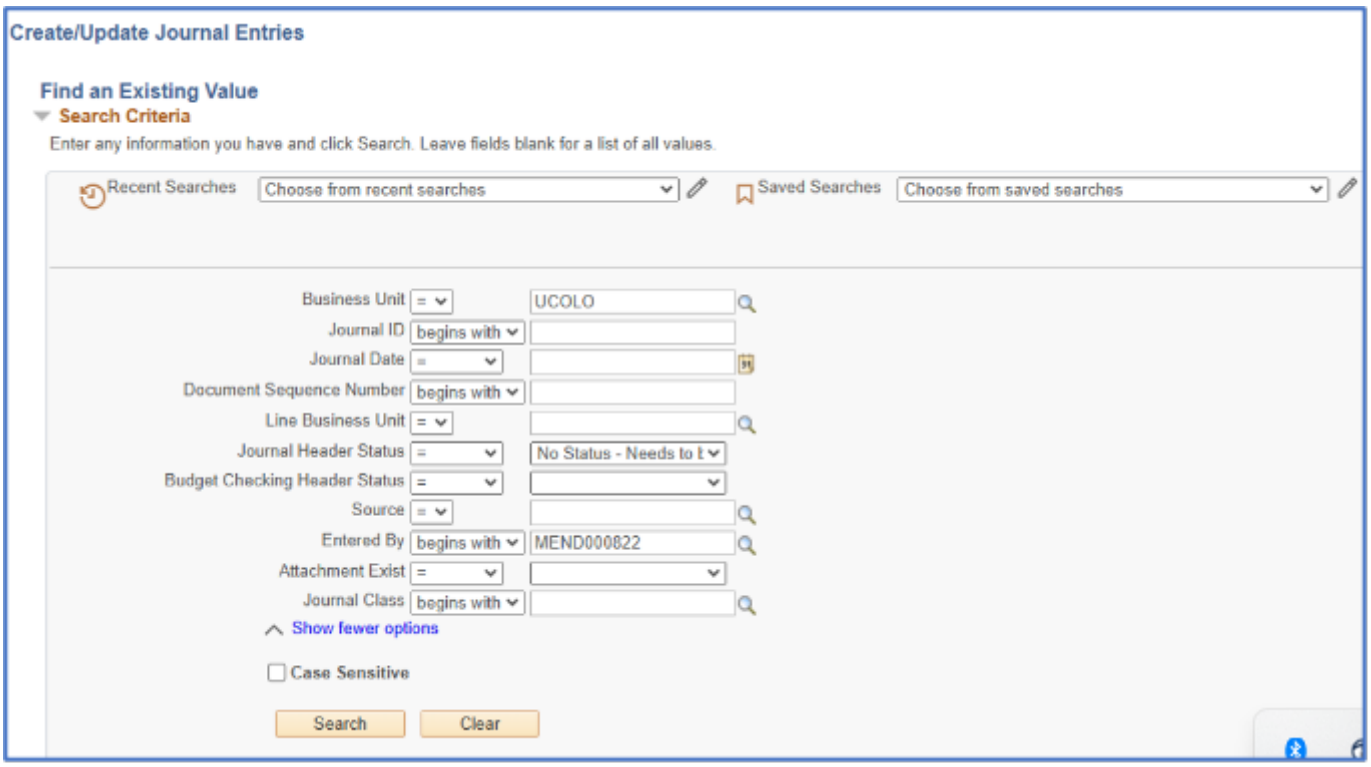

- **Search fields that are currently stacked in a single column will instead be arranged side-by-side,** allowing you to see more criteria at a glance and reducing your need to scroll.
- Overall, it will be easier and faster to find what you need, for example, when you're looking up SpeedTypes, journal entries, or vendors.

With the new user interface, everything *will work* the same -- only the *arrangement* of the fields will change.

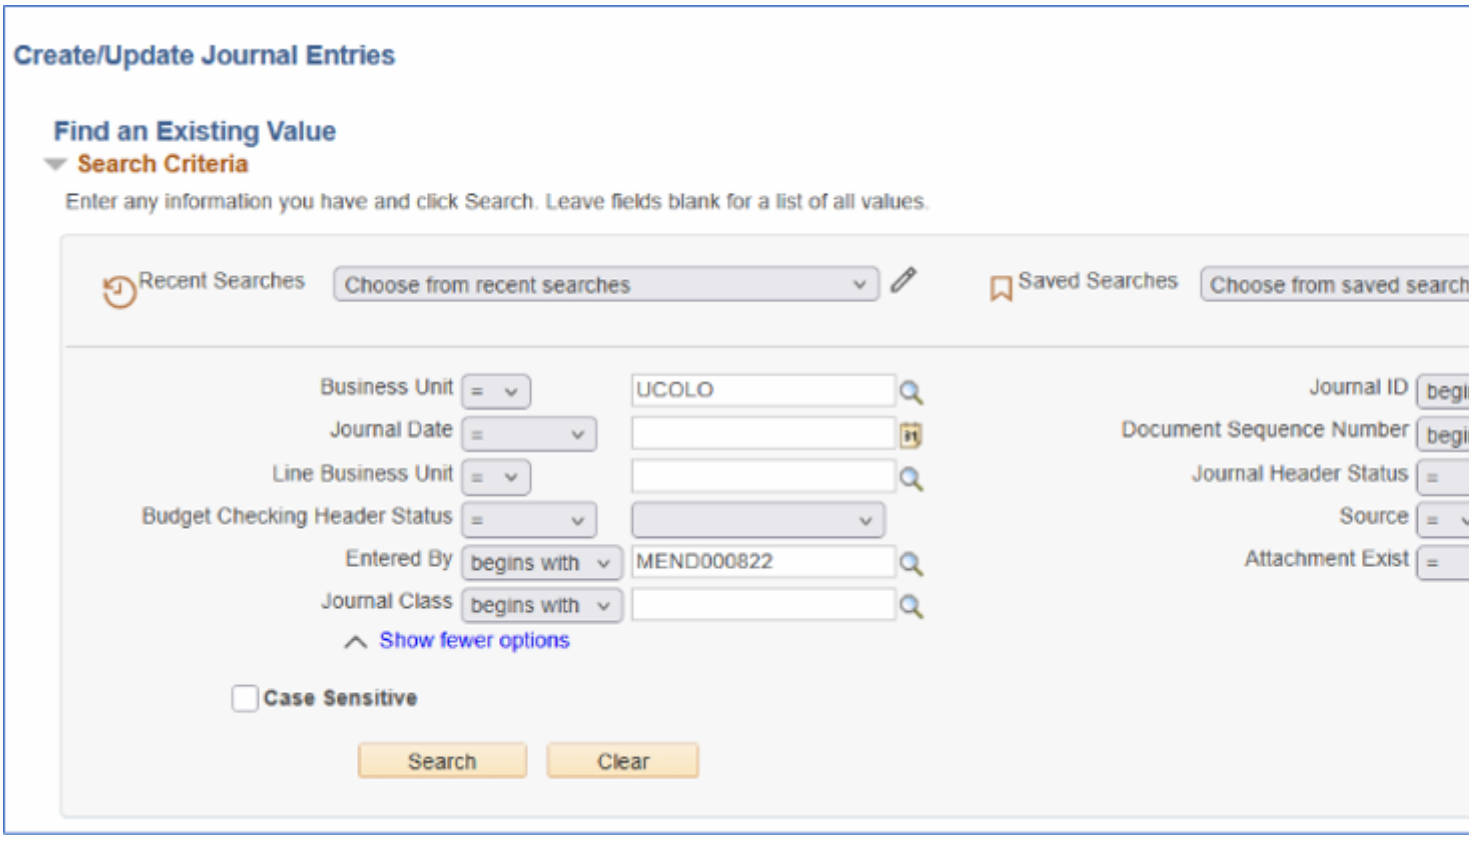

Let's take a look at the new look!

The following images show the current single-column layout and the new two-column layout for the Journal Entry search page.

SEARCHING FOR JEs – CURRENT SEARCH

SEARCHING FOR JEs - NEW SEARCH AS OF 2/23/26
