CPE: New Webinar Recordings and Resources Available [1]

February 2, 2026

Good news for participants in recent CPE webinars -- and for those who wanted to participate but were unable to ...

We've added webinar recordings and course resources for two Continuing Professional Education courses to the OUC website:

- Check out the CPE Schedule and Registration page [2] (look at the Recent Courses & Resources sidebar on the top-right of the page).
- Our most recent additions are for *Make it Interactive: Tools to Boost Your Trainings, Webinars, and Meetings* ... and *Managing Projects When Your Title Isn't Project Manager*.

Throughout the year, we use the Office of University Controller Schedule and Registration [2] page to announce our CPE classes and registration links. Now, we're also using the new **Recent Courses & Resources** sidebar on that webpage to link you quickly to course information, including handouts and recordings. *Remember - you cannot receive CPE credit for watching a recorded webinar.*

Questions? Reach out to FSS@cu.edu [3].
