CPE: The Best Reports to Run [1]

June 17, 2026

We've curated the best set of options for your specific financial reporting needs. Now open for registration: our popular Continuing Professional Education (CPE) course on **Mastering m-Fin: Using m-Fin Launch [2].**

m-Fin Launch is a menu system in CU-Data that shows you a list of appropriate m-Fin reports to run, based on a SpeedType, Org, Program, or Project.

At the end of the course, participants will be able to:

- Navigate the CU-Data system to run m-Fin Launch
- Identify the differences in reporting options for each prompt type
- Run a report from the m-Fin Launch menu page
- Navigate to relevant training documentation
