Report Update: m-Fin Project One-Liner and Project Principal ID [1]

March 9, 2022

We recently enhanced the m-Fin Project One-Liner report to include a **Project Principal ID** column. This is an optional display field: you can turn it on or off using the EXTRAS prompt available on the second prompt page of this report.

We added the ID column option at the request of report users who had been running the Fiscal Roles report, and combining it with the Project One-Liner report, in order to get all the data they needed for various tasks.

For information on running and scheduling m-Fin reports in CU-Data, see our m-Fin Reports Training [2] page.
