Professional Development Opportunities Next Week, Next Month [1]

March 31, 2023

Among the things you can learn in the next week -- or month -- or two ...

Next week, you can:

- Get your questions answered on fiscal roles and how critical they are to your work duties
- Find out how much time you'll save by scheduling m-Fin reports to automatically run and be delivered to you and others

Later next month, you can:

- Become the Excel expert you always (secretly) wanted to be
- Pick up tips to recharge your professional and personal life

Plus, we're beginning to open up classes in May for registration: look for the just-posted (and often requested) Journal Entry Spreadsheets class.

Registration is open on our CPE website [2] - use your CU-affiliated email address to avoid incurring a registration fee.
