CU-Data Compensation Summary Report - Update [1]

May 5, 2022

For those of you who run compensation reports in CU-Data, note that the m-Fin Compensation Summary was recently revised to include monthly percent columns. The new data can assist in reviewing funding distributions.

- The new columns are optional: you can select them using the EXTRAS prompt (check "MONTHLY PCNT").
- If selected, the data will appear on the last two pages of the report.
