

CU Innovation & Efficiency Awards: Here are the Semifinalists ^[1]

May 9, 2022

You've been doing great work on the campuses this past year, successfully navigating the complexities of on-site, hybrid, and remote work. You've told us about many of your projects and accomplishments, as witnessed by this year's CU Innovation & Efficiency Awards Program submissions.

We've narrowed the pool to eight semifinalist teams who completed video interviews and responded to in-person questions as part of the final selection process to determine awards. The award winners will be announced later this month and will be chosen from the following:

- [Accurate Third-Party Corporate Payment Posting](#) ^[2]
- [Automated POI Creation and Extension Process](#) ^[3]
- [Automated Processing of Electronic XML Transcripts](#) ^[4]
- [Critical Patch Updates for PeopleSoft Systems](#) ^[5]
- [Environmental Sampling for Research Rodent Health Surveillance](#) ^[6]
- [Grant Proposal Management Utilizing the REDCap Portal](#) ^[7]
- [Invention Evaluation and Licensing Process Enhancements](#) ^[8]
- [Tableau Server Project \(UIS\)](#) ^[9]

Look for next week's awards announcement ... and think about sharing your own great work to the 2023 awards program!

Questions? Contact CU I&E Awards [Program Manager Fran Chapman](#) ^[10].
