Congrats to CU Innovation & Efficiency Award Finalists [1]

May 3, 2024

We're pleased to announce the finalists for the 2024 CU Innovation & Efficiency (CU I&E) Award Program! Ten outstanding submissions will be moving forward for award consideration.

This year's finalists are:

- Accessibility Resource Guide for ALTEC [2]
- CU-SIS TDClient Automations [3]
- Fix Bloody Mess: Developing an On-Call Provider Dashboard [4]
- Flow Magic: Quantifying Business Value and Time Saved with Salesforce Automations [5]
- Fund 80 ChartField Setup Automation [6]
- Implement Conflict of Interest Management Solution for UCCS HR [7]
- Leveraging Automation to Improve the Online Flexible Course Experience [8]
- Multicampus Security Log Monitoring [9]
- ODIN Subscriptions [10]
- Onboarding Program for Office of Contracts and Grants [11]

What happens next?

The OUC's Financial Services & Solutions (FSS) Digital Design team is conducting interviews with the finalist teams. Interview highlights – including problems solved, inspirations, and future plans – will form the basis for a series of short, animated videos that further share team accomplishments and that facilitate award judging later this month. The award winners will be announced in June.

Thank you to all CU I&E submitters this year!

We appreciate and congratulate all submitters whose innovative projects were vetted and published on the CU I&E website this year. Thank you for your efforts to make CU work better. Thank you for sharing that work with your peers across the University.

And remember: you can view all of the 2024 CU I&E submissions on the OUC's CU I&E website [12].
