

Sarju Khadka - CPE Instructor ^[1]

Sarju Khadka is the Manager of Reporting Systems at the University of Colorado, Office of University Controller.

She is responsible for developing and maintaining the m-Fin (management financial) reports using Cognos software. She works with campus users across the University to identify new functionality for m-Fin reports and directs its subsequent testing and implementation.

Sarju received her Bachelor's degree in Accounting from Augsburg College and has an extensive background in financial analysis and reporting. She began working for CU in June, 2013.
