UCCS is one of the fastest growing U.S. universities. In the shadow of Pikes Peak in Colorado Springs, UCCS is home to more than 11,000 students and more than 2,000 employees. Annually, UCCS as a campus generates more than $600 million in economic impact, demonstrating the economic importance of all CU campuses.

To date, UCCS offers 53 bachelor’s degrees, 24 master’s degrees and 8 doctoral programs and is home to the world’s only Bachelor of Innovation degree. Each UCCS’ six colleges and schools offers a diverse mix of degrees, many of which are ranked locally and nationally for their quality. It is also a top ranked military friendly university.
