## Campus security crime statistics

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act require that crime statistics for the University of Colorado be made available to applicants upon request. Each campus creates an Annual Security and Annual Fire Safety Report. Each campus-specific report includes statistics for the previous three years concerning reported crimes that occurred on campus, in certain off-campus buildings owned or controlled by the university, and on public property within or immediately adjacent to and accessible from campus. The reports also include institutional policies concerning campus security, such as those concerning alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, and other matters.
