Manage the Hire [1]

You will manage your CU Global Worker as you would any other remote worker, following campus remote worker guidelines.

Ongoing maintenance

Safeguard Global MIHI

Once onboarded, Safeguard Global manages all compliance within the worker's country, the worker reports time and payroll/benefits is tracked through Safeguard Global's human resources management system – Mihi [2].

Mihi [2] will be the worker's self-service tool for all time tracking, leave and benefits needs.

SUPERVISE

The department maintains all supervisory roles and manages the worker's day-to-day employment (remote work).
