Earnings and Unemployment [1]

ABOUT THIS VISUALIZATION: This data visualization summarizes U.S. earnings and unemployment rates by educational attainment provided by the Bureau of Labor Statistics (BLS). The Unemployment Rate is the number of unemployed individuals divided by the sum of employed and unemployed. This data visualization was created by the CU System Institutional Research. Additional details are provided within the visualization.

Should you have questions or comments on this data, please contact IR@cu.edu [5].
Data source: Data from Bureau of Labor Statistics (BLS). U.S. earnings based on median weekly wages, annualized using 52 weeks. U.S. Unemployment Rate is the number of unemployed divided by the sum of employed and unemployed. Viz Prepared by: University of Colorado System Office Institutional Research.
