## Harris Archive Project [1]

## Harris Archive Project, detailed review

April 28, 2015 eComm Town Hall [2]

Migrating	Not Migrating
<ul> <li>Data that is tied to records</li> <li>Email Preference Data</li> </ul>	Email Marketing activity         Queries, Lists         Email Content         Images         Reports     Event Registration activity         Registration Lists         Reports         Images

To ensure CU remains compliant with federal CAN SPAM legislation, email preference data will be migrated from Harris Connect to Salesforce. However, all other data and content (such as queries, content, images, reports, etc.) that are tied to Harris Connect's tools will NOT be migrated.

We encourage you to start thinking about this process so you are prepared for a smooth transition from Harris Connect to Salesforce. If you would like to archive emails and/or forms that you've built, please refer to the how-to guides below.

We're here to help. Please reach out to your  $\underline{eComm \ specialist}$  [3] if you have questions or need additional support.

## **Email Marketing**

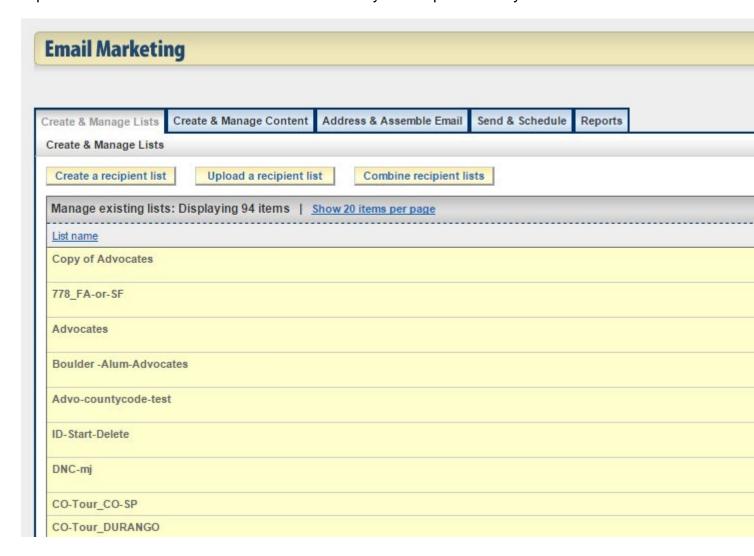

- Create & Manage Lists
- Create & Manage Content
- Address & Assemble Email
- Send & Schedule

#### Reports

Any lists that have been created or uploaded in Harris Connect will not automatically migrate to the new Salesforce platform.

If the 'List Type' (see image) reads 'Advanced Query Builder' or 'Standard Query Builder', that list will need to be recreated in Salesforce. In order to make this transition as seamless as possible, you will need to take a screenshot of the query for your records.

Lists that need to be archived include 'List Type' (see image) of 'Uploaded Email List' or 'Uploaded ID List'. These will need to saved locally and imported into your Salesforce account.

# Detailed Instructions for Exporting 'Uploaded ID List' and 'Uploaded Email List'

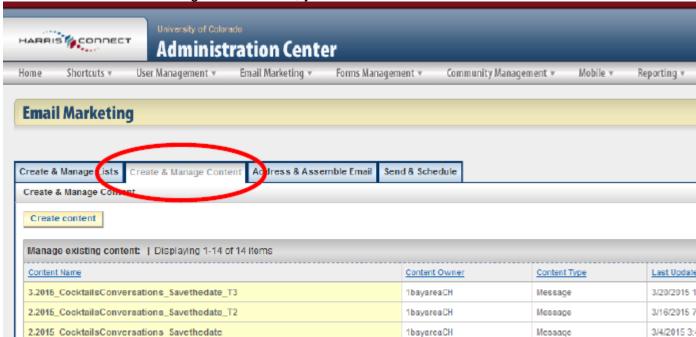

- 1. Log in to your Harris Connect account (contact your eComm specialist if you need credentials)
- 2. Navigate to 'Email Marketing' >> 'Create & Manage Lists' tab
- 3. Once you have identified the lists that you and your department need to archive, click 'Display' in the 'List Count' column for the list you wish to archive. \*NOTE: Depending on the size of your list, this could take up to 2 minutes to display

- 4. A popup will appear. Click inside any cell, then select all by using the keyboard shortcut CTRI + A
- 5. Paste this information into an excel spreadsheet
- 6. Save as a.CSV file with a relevant naming convention.

It is your responsibility to ensure your graphics and content are archived locally in order to be uploaded into Salesforce. This includes any files uploaded in 'file manager' or created in 'Create & Manage Content'.

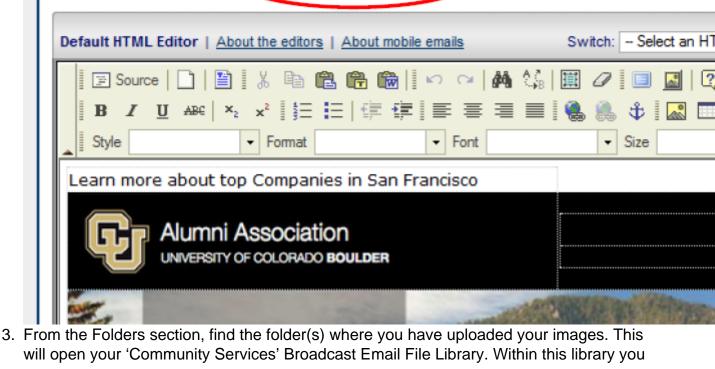

[infobox title="Detailed Instructions"]

1. Within the 'Create & Manage Content tab, you can click 'Edit' to edit an email.

2.

Once the email appears for editing you can click on 'Open file manager'. University of Colorado HARRIS 🎁 CONNECT **Administration Center** Shortcuts ▼ User Management ▼ Email Marketing v Forms Management v Home **Email Marketing** Send & Sch Address & Assemble Email Create & Manage Lists Create & Manage Content Create & Manage Content > Edit email content Name this content: |3.2015\_CocktailsConve HTML version Text version HTML version Import ICTML Preview HTML Open file manager Create a conditional tag Work with dat

can navigate to the location of where you have uploaded your images.

## Community Services **Broadcast Email File Library** CURRENT FOLDER: Library / boulder / AlumniAssociation 144,147c89,92 To create a new folder, enter the folder name: Create this folder Folders Folder † Return to previous Folder AlumniEvents Copy Rename Move Delete **B2B Emails** Copy Rename Move Delete Be Boulder Spring Events Copy Rename Move Delete **Book Store**

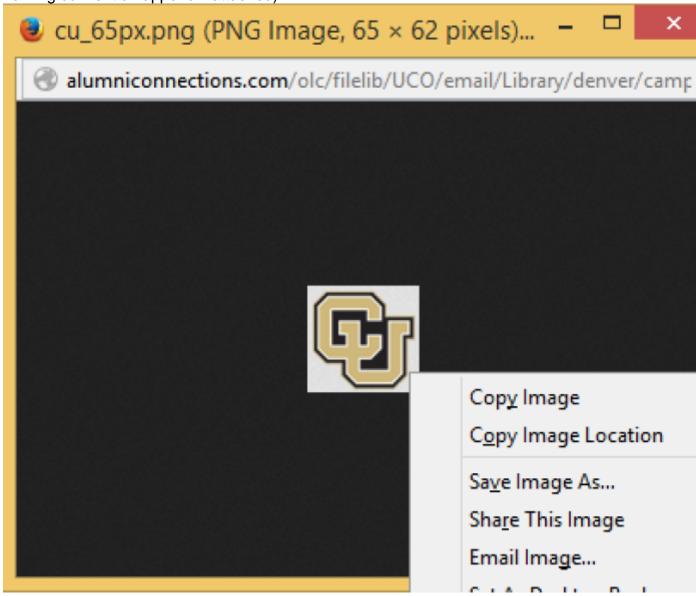

4. Once you find the correct folder, click on the folder and the files in that folder will appear below in the 'Files' section. You can scroll down to the 'Files' section to find your files

(images, documents).

	A	http	s://admin. <b>al</b>	umniconnections.com/olc/admin/UCO/admintool/filemgr/	bc_filemgr
				The Herd	
				Copy Rename Move Delete	
				<u>TnT</u>	
J				Copy Rename Move Delete	
(		File	s		
	_	_		<u>Filename</u> ↑	
			Young Alum Pub Crawl 5 bon for \$5 Resident Heart	<u>1.ipq</u>	
				Copy Rename Move Delete Get URL Insert Image Link into Text	Insert Imag
			-	12 rotator travel china connoisseur.jpg	
				Copy Rename Move Delete Get URL Insert Image Link into Text	Insert Imag

5. By clicking on the Filename of the file you want to export, it will open another window with an image of your file. As you can see in the image below if you right click on the image it will allow you to "Save Image As". I recommend creating a folder on your C: drive (or network drive if you prefer) label 'Harris Images' and saving them there. When saving images, I recommend you title them in such a way that they describe the image and the size. (Please see Image

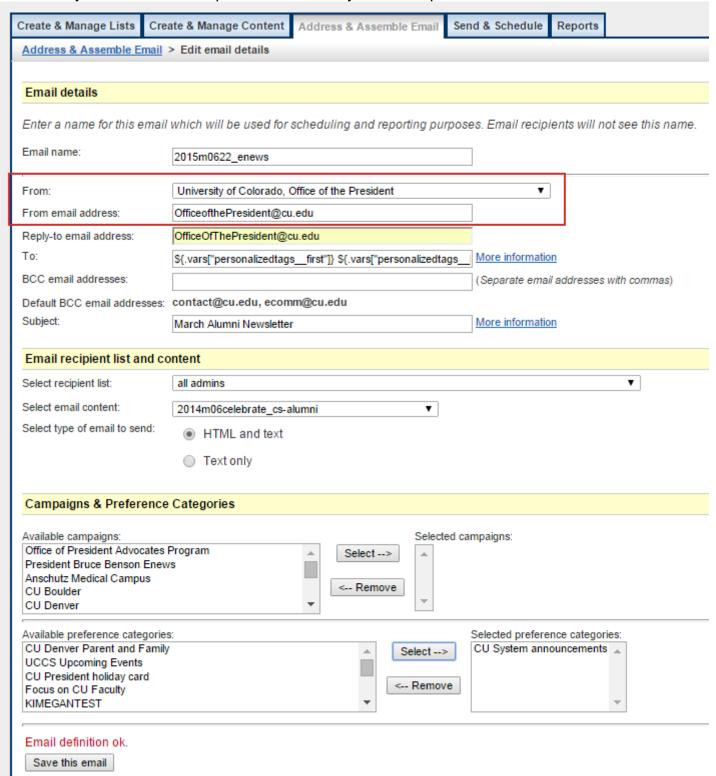

naming convention appendix attached).

You will need to complete this exercise for all the images you are wanting to have available to load into the new system.

[col width="1-4"]There are two components of 'Address & Assemble' that will automatically be transferred from Harris to Salesforce. This includes 'From' as well as 'From Email'(both outlined in red). If you need to retain any other piece of information from 'Address &

Assemble' you will need to keep a screenshot on your desktop.

None of the information housed in 'Send & Schedule' will be transferred to Salesforce. If this is information you or your department needs to archive, you will need to take a screenshot and save it locally.

There is an easy way to obtain analytics on all of your emails. Such information includes: List count, success of delivery, opens based on device, clicks, unsubscribes, and bounces. A sample report is provided below.

Email Comparison Report Printer friendly version Down	load this report (CSV format)
Email name & Subject	Date sent   ☐
2014m12 service-excellence-award REMINDER Subject: Jan. 30 deadline: UCSC Service Excellence Award	1/26/2015 8:41am
nwss-2015-system Subject: CU Night at the Stock Show, Jan. 23	1/13/2015 11:25am
2014m12 service-excellence-award REMINDER Subject: REMINDER: Call for Nominations, Service Excellence Award	1/12/2015 6:30pm
2014m12 service-excellence-award Subject: Call for Nominations: Service Excellence Award	12/19/2014 8:30am
2014m12 confidentiality-breach Subject: Notification of Breach of Confidentiality	12/17/2014 6:45pm

### **Detailed Instructions**

- 1. Navigate to 'Email Marketing'
- 2. In the 'Reports' tab, click on the 'Email Comparison Reports' subtab.
- 3. In order to run a complete historical report, you will need to clear the default 'Date Sent' and hit 'Apply filter'. Every email that has been sent from this account will appear.
- 4. Click 'Check all' then hit the 'Compare selected emails' button. Depending on the number of emails you have to compare, this might take up to 5 mins.
- 5. Once the report is ran, you can 'Download this report' and save locally.

## **Forms Management**

#### **Detailed Instructions**

- 1. Log in to your Harris Events account.
- 2. Under the Reporting tab on the top silver navigation, hover over Form Reports, then

select Event Registration Reports.
