Email or Event Requests

New Email or Event Request

If you are requesting to have an email sent or event launched that's new, submit the request via the build for me form(s) below. These request forms outline all the details we need to get started.

- [Build an Email for me](#) ^[4]
- [Build an Event for me](#) ^[5]

Repeat Email or Event Request

If you have worked with eComm before on an email or an event and have now have a similiar request, it can save time to clone and update. Rather than submitting one of the forms above intended for brand new requests, provide details below and someone will reach out to you soon.

Priority * P1 P2 P3

Did you know that tickets marked as P1 are automatically escalated through UIS upon submission? Application outages impact the enterprise requiring vendor escalation and notifying all users. Please review the definitions below to ensure you are selecting the correct priority.

Priority Definitions

P1: Business-Critical Issues | Issues that prevent essential business operations with no available workarounds (e.g., application outages for numerous users resulting in an inability to send emails or launch events).

P2: Degraded Services | Issues that reduce the quality of service but have a temporary workaround available (e.g., platform slowness, single user unable to perform task, etc.).

P3: General Support | Typical support requests, regardless of the desired delivery date (e.g., audience creation, event approval, resubscribing a contact, wiki update, etc.).

Deadline *

Month	Day	Year
-------	-----	------

Please only select a deadline within 24-48 hours for urgent requests. We ask for two weeks to deliver new audiences for Marketing Cloud communications and three days to approve a Cvent event.

Tell us what you need help with: *

What do you need help with in regard to Cvent? *

What do you need help with in regard to Marketing Cloud? *

What do you need help with in regard to Salesforce? *

Wiki Resources

Unlock Account, Reset Password & Troubleshoot Multi-Factor Authentication

- eComm specialists have access to help [manage a user's account](#) ^[13] if they are struggling to login (by unlocking their account or resetting their password) or lost their multi-factor authentication method (by revoking their method or providing a temporary code).

Unable to Access this Resource

- The message below is due to Cookies not being enabled in Chrome, a requirement for Marketing Cloud to operate. [Learn how-to enable your cookies in Chrome](#) ^[14].

Internal Server Error

- There are two different ways to get around the 'Internal Server Error':
 - **Refresh** | Sometimes the page just doesn't load correctly the first time. Refresh the page to give Marketing Cloud a second chance to get it right.
 - **Switch Browsers** | Safari & Marketing Cloud do not work together. Instead try a Chrome or FireFox browser.

Internal Server Error

Login Issue

- New users know they can login to Marketing Cloud because they will receive login credentials and instructions.
- Your username will be comprised of your university email with **-mc03** added before the @ symbol.
 - For example, my username is: melanie.jones-**mc03**@cu.edu

Unable to Close Pop-Up

- If your screen is too small for this pop-up, selecting Close might not seem to work. Try:
 - **zooming out** | zoom out of the page by selecting into the magnifying glass in the URL bar >> negative (*CTRL*+ - also works)
 - **close** | close the pop-up window

Welcome to the new **Email Overview**

a better way to access your data, start new tasks, and review what has rec

Filter the recent items to view the content you want to see.

See information about the most recently created and modified items in your account.

The screenshot shows the 'Email Overview' dashboard. At the top, there's a navigation bar with 'Email' selected, and other options like 'Calendar', 'Pulse', and 'Security'. Below that, a secondary navigation bar includes 'Overview', 'Content', 'Subscriber', 'Interactions', 'A/B Testing', 'Tracking', 'Admin', and 'Custom'. The main content area is titled 'Overview' and features a 'Recent Items' section. This section has a 'Last Modified by' dropdown set to 'Scott' and a set of filter tabs: 'Emails', 'Templates', 'Portfolio', 'Lists', 'Groups', and 'Data Ext.'. Below the filters is a list of email items, each with a thumbnail, title, status, modified date, modified by, and campaign information. The items include 'Welcome Email', 'Fall Newsletter', 'Free Shipping Extended', 'Black Friday Sale', 'One Day Only Savings', and 'Holiday Shopping'. To the right of the main list is a 'Sends' sidebar showing details for 'Catalog Promotion Annou...', 'Welcome Email', and 'Lines on Sale'. At the bottom right, there's a 'Shortcuts' section with a 'Create Email' button and a 'NEW' badge for 'Email and Content...'.

Wiki Resources

Request New From Information

- What are [Send Classifications, Sender Profiles and Delivery Profiles](#) [28]?
- Request to have this information added to your account by submitting a ticket with the following details:
 - **Your Business Unit Name** | Found in the top-right corner when logged into Marketing Cloud
 - **From Name** | CU Connections
 - ***From Email** | connections@com.cu.edu [29]
 - **Reply Name** | CU Connections
 - **Reply Email** | connections@cu.edu [30] (*can be the same as or different than the 'from email'*)

**From Emails will contain a 'com' after the @ symbol (see below depending on the Business Unit that is sending). When recipients reply, they will see the typical email address without 'com' after the @ symbol.*

- *Advancement, System & Boulder SAP: com.cu.edu*
- *Anschutz SAP: com.cuanschutz.edu*
- *Denver SAP: com.ucdenver.edu*
- *UCCS SAP: com.uccs.edu*

If you're sending from an Anschutz Business Unit but sending from an @ucdenver email, use the Anschutz SAP.

Add New From Information (eComm Specialists)

- eComm specialists have access to [add from information to Marketing Cloud](#) [31] for users to select when sending.

HIPAA/Med-Only Contacts

Need HIPAA/Med-Only Contacts deleted from Salesforce ^[34]? Submit a ticket ^[1] including details - Campaign ID(s) should be populated with the relevant campaign in this Salesforce Report ^[35] - which will contain those Contacts to be deleted.

Request Contacts to Delete

- **Create a Campaign with Campaign Members** of the Contacts you wish to have deleted
- **Provide the Campaign URL** when submitting the ticket below.
 - *Note, only Contacts in your Campaign who also meet the criteria below will be deleted:*
 - They are Standard contacts (not Individual Contacts where data was not populated from a CU source system)
 - They have not unsubscribed from any communications. We keep records of contacts who have unsubscribed to avoid adding them to a future email campaign that would violate CAN-SPAM.

Wiki Resources

Individual Email Results (IERs)

Individual Email Results (IERs) can be a powerful tool to better understand your audience and how they best engage with your communications.

- [Learn more about what IERs are and how they can be leveraged.](#) [36]
- Individual Email Results (IERs) live in Salesforce for 90 days before being exported and uploaded to the Snowflake database. **If you need IERs that have already been archived, provide the Contact ID and/or Email ID when submitting a ticket below.**

Wiki Resources

Request Subscriber Re-Activation (weekly process)

- [Provide the Subscriber ID for the individual you wish to have re-activated to this spreadsheet](#) [37] (along with some other details) and it will be completed by the following Monday.
 - **There is no need to submit the ticket below, unless the request is urgent.**

Learn About Subscribers

- [Salesforce Contacts & Marketing Cloud Subscribers](#) [38]

- [How do I use Intelligence Reports \(formerly Datorama\) to analyze emails?](#) [42]
- [What is Einstein?](#) [15]

Can't find what you're looking for? Continue submitting your ticket below.

Wiki Resources

- All events must be approved by an [eComm specialist](#) [43] by [using the Approval Work Flow in Cvent](#) [44].

Can't find what you're looking for? Continue submitting your ticket below.

Wiki Resources

USERS

- If your department's finance information is already added to Cvent, users and eComm specialists can select the correct finance information ^[45] when creating paid or fundraising events ^[46]. This ensures the money collected for your event can be transferred from a single CU account back to your department.

ECOMM SPECIALISTS

- Only the System Admin Team can add new Finance Information to Cvent. Submit the ticket below including the correct number and provide a description, formatted like the following:
 - **SpeedType** = 12345678 - Short Description/Title
 - Fund 10, 30, 31, 32, 33, 34, 35, and 36 speedtypes should not be used for Cvent events.
 - Funds 20 and 29 are most typically used in Cvent. Reach out to the campus controller accounting teams ^[47] for guidance on Fund 80s as each campus has a different experience with this fund.
 - **Account Code** = 123456 Short Description/Title
 - **Designation Code** (replaced Allocation Fund # in Summer 2023) = D-1234567, Short Description/Title

Can't find what you're looking for? Continue submitting your ticket below.

Wiki Resources

Users

- There is an automatic integration that occurs between Cvent and Salesforce ^[48]. By tracking registrants' event participation to Salesforce, we can better understand our constituents and how they engage with CU. Users can leverage this data to exclude registrants from reminders or target future messages ^[48].

eComm Specialists

- While the [Cvent-Salesforce integration](#) [49] is automatic, the eComm specialist may need to get involved. This might include sharing the Campaign (if the person who created the event isn't the same person sending the Marketing Cloud messages) and/or converting a Campaign to a Data Extension (only necessary if the included audience is a Data Extension).

Can't find what you're looking for? Continue submitting your ticket below.

Wiki Resources

Users

- [Reporting](#) [50] | Cvent's event reporting allows you to view every detail of your registration data, emails, financials and more. Create summary views and track trends over time to gauge improvement.
- [Cvent Portal](#) [51] | Work with your eComm specialist to make Cvent Reports available to stakeholders via a secure login. These free licenses grant individuals access to specific Reports that can be viewed in real-time, filtered and exported as needed.

eComm Specialists

- One of the eComm specialist's roles in Cvent includes managing how stakeholders can access Cvent data in real-time, without a steep cost. Follow these [steps to create Portal Users and Publish Reports to the Portal](#) [52] for easy access.

Can't find what you're looking for? Continue submitting your ticket below.

Wiki Resources

ECOMM SPECIALISTS

- New users will receive login credentials and instructions via email.
- Users can reset their own password by selecting **'Forgot your login information?'** under the green login button on the [Cvent login page](#) [53].
- eComm Specialists can also [reset passwords for users](#) [54].

USERS

1. Navigate to the [eComm login page](#) [55] (bookmark this page)
2. Select Cvent (the option on the right)

3. Login with:

- Account Code: **UCCO003**
- Username: **your university email**
- Password: Select **'Forgot your login information?'** under the green login button to set your password and log in for the first time. If you forget your password in the future, use the 'Forgot your login information?' link to reset it.

Cvent Add-Ons for Purchase

More robust components of Cvent ^[56] exist that are not included with a typical license. Since Cvent is already an approved vendor, you can contract directly with them to procure additional products, such as:

- OnArrival Premium ^[57] if you need day-of-event support
- CrowdCompass ^[58] for an event app
- Abstract Management to support an involved, multi-step submission form with built-in workflows
- Attendee Hub ^[59], a virtual event solution
- Premium Surveys ^[60] for more robust surveying

Interested in chatting to Cvent about purchasing one of the above add-on products? Submit the ticket below (include the names of everyone to be included in the conversation) and we will get you in touch with them.

After signing a contract, you'll need to submit the ticket below for increased access (a task Cvent Help & Support cannot do). Provide a copy of the signed contract and outline which add-ons should be available to which users.

Wiki Resources

Journey Builder

- Complete the Journey Planning Overview ^[68]
 - Review the linked Journey Planning Worksheet ^[69] (or complete in advance for faster delivery) which the requester is responsible for finalizing before work can begin.
- After submitting your ticket, you'll be contacted by the system team to discuss your email journey idea and address any questions so you can provide full details in the Journey Planning Worksheet ^[69].

Dynamic Content

- Learn more about how dynamic content works in Marketing Cloud, examples at CU and steps to get started ^[70]. If you have a good case for dynamic content, populate all of the details in the next row of this spreadsheet ^[71]. Once complete, include it with a ticket submission below and someone will followup to arrange a meeting.

Automation Studio

- Many communicators send recurring communications to the same audience. While that's a good thing, it can lead to a lot of repetitive manual work that can be streamlined with Automation Studio. Learn more about setting up your own automations to optimize scheduling recurring email sends ^[72].
- Marketing Cloud senders are required to re-Start Data Extensions before each send to ensure the audience is up-to-date (and CAN-SPAM compliant). If an automation is configured to run all the Data Extensions in a Business Unit nightly, manually re-starting the Data Extensions before each send becomes obsolete. To make this move, eComm specialists can work with the System office to initially configure an automation in each Business Unit and learn to maintain. Learn how to get started with Automation Studio ^[73].

Wiki Resources

- **Duplicate Contacts in Salesforce**
 - ?eComm specialists can submit a Data Change Request (DCR) [74] directly in Salesforce to have them merged.
- **Inaccurate name, email, or address for a Contact in Salesforce**
 - If a contact has an Advance ID, do not submit a Data Change Request (DCR). Please refer to the Updating Contact Information in Salesforce [75] wiki for more details.
 - If a contact does NOT have an Advance ID, eComm specialists can submit a Data Change Request (DCR) [74] in Salesforce to be addressed.
- **Incorrect or blank preferred name**
 - Learn more about why a preferred name might be blank, the process for updating it, and guardrails that exist to ensure personalizing Marketing Cloud emails with preferred name doesn't flop. [76]
