Exclusive [1]

Under this Anthem-administered plan, you can choose any health care provider within one single statewide network[2]. The facilities, providers and suppliers with whom your health insurer or plan has contracted to provide health care services[2], giving you access to a great number of doctors and specialists[3]. A physician specialist focuses on a specific area of medicine or a group of patients to diagnose, manage, prevent, or treat certain types of symptoms and conditions. A non-physician specialist is a provider who has more training in a specific area of health care,[3] across the Front Range. You will receive care at UCHealth facilities by physicians from the CU School of Medicine, UCHealth Medical Group and others. Your primary care provider[4] manages your care, so you'll need to get referrals[5] to see a specialist or receive certain health care services for any covered service that cannot be performed by your primary care provider. This applies to our Anthem Exclusive and Kaiser plans. [5] to see specialists[5] A physician specialist focuses on a specific area of medicine or a group of patients to diagnose, manage, prevent, or treat certain types of symptoms and conditions. A non-physician specialist is a provider who has more training in a specific area of health care, [3] with the exception of OB/GYNs, ophthalmologists, chiropractors or acupuncturists, within the Exclusive Plan network. [2] The tradeoff is that you'll save money by doing so.

This plan will also provide one no-cost preventative mental health visit per plan year beginning on July 1, 2022. Learn more about your mental health benefit options on our Mental Health Resources page[6].

There is no out-of-network[7] coverage except for urgent and/or emergency care.
