Vision [1]

CU Health Plan - Vision

The voluntary Anthem Blue View Vision Plan covers annual eye exams for a $20 copay. A fixed-dollar amount that you must pay out of your pocket at the time of service to a provider or a facility for a specific health covered service. Copays do not apply to the deductible requirement. For example, an office visit may have a copay of $30 under the Exclusive Plan and $40 under the Extended. You must pay the amount at the time of service. [2], as well as $155 towards the yearly purchase of frames or contact lenses, for each participant. Your choice of providers is extensive. In-network providers, facilities and suppliers that CU Health Plans have contracted with to provide health care services such as a doctor, nurse, chiropractor, hospital, rehabilitation center, etc. [3] across the U.S., include retail locations such as LensCrafters, Pearle Vision and Target Optical. You may also utilize out-of-network providers or facilities that do not enter into a network agreement, usually resulting in higher out of pocket expenses to you. [5] but will pay a little more.

Dual Coverage: You cannot be covered as both an employee and dependent for any CU medical, dental or vision plan.
