

Exclusive ^[1]

Under this Anthem-administered plan, you can choose any health care provider within one single statewide network. The facilities, providers and suppliers with whom your health insurer or plan has contracted to provide health care services, giving you access to a great number of doctors and specialists. A physician specialist focuses on a specific area of medicine or a group of patients to diagnose, manage, prevent, or treat certain types of symptoms and conditions. A non-physician specialist is a provider who has more training in a specific area of health care. ^[2] ^[3] **across the Front Range.**

You will receive care at UHealth facilities by physicians from the CU School of Medicine, UHealth Medical Group and others. Your Primary Care Provider (PCP) A physician (medical doctor or doctor of osteopathic medicine), nurse practitioner, clinical nurse specialist or physician assistant, as allowed under state law, who provides, coordinates or helps a patient access a range of health care services ^[4] manages your care, but you do not need a referral A written order from your primary care provider for you to see a specialist or receive certain health care services for any covered service that cannot be performed by your primary care provider. There is no out-of-network Out-of-Network Non-participating providers or facilities that do not enter into a network agreement, usually resulting in higher out of pocket expenses to you. ^[7] coverage except for urgent and/or emergency care.
