State classified employees are part of the Colorado Personnel System, and subject to both Colorado and CU employment guidelines, rules, regulations and policies.

These employees must submit monthly leave records showing exception time, including all leave usage. Non-exempt employees must report specific hours worked (i.e., time in and out). CU has multiple options for documenting hours worked and exception time; please verify with your department how it records time and follow that procedure.

Both the employee and his/her supervisor must sign the leave record verifying the accuracy of leave usage and balances.

There’s more to your pay than receiving a paycheck. Ensure you understand your finances by reading your paycheck correctly, reviewing pay days, learning how to safeguard against lost paychecks and more.

International Employees

International employees must comply with the U.S. Tax Code. To ensure compliance, you must schedule an appointment with the appropriate campus international tax specialist to complete the proper tax forms and establish correct tax status. Please make your appointment as close to your employment start date as possible. At times, it may be two to four weeks before an international tax specialist can meet with you due to busy academic and tax year schedules. There is generally no negative ramification to a delay in meeting with our office.

If you’ve reached your 31st day of employment with the university and have applied for but not yet been issued a Social Security number, please have your department payroll representative contact the International Tax Office.
