Effective Jan. 1, 2024, eligible employees can receive up to 12 weeks of paid family and medical leave under CU’s private leave plan. CU’s Family and Medicare Leave Insurance Program (FAMLI) program will provide all eligible employees a portion of their weekly salary for up to 12 weeks of leave to care for themselves or a family member, with an additional four weeks leave for complications during pregnancy or childbirth.

FAMLI aims to ensure that Coloradoans don’t have to choose between earning a paycheck or caring for themselves or their family in a time of need. It can be used by all employees who reside in Colorado, including faculty, staff, student employees, graduate medical education residents and graduate students on appointment.

FAMLI will provide 12-16 weeks of paid leave for the following events:

- To manage their own serious health condition.
- To care for a family member with a serious health condition.
- To care for a new child (within the first year of birth, foster placement or adoption).
- To make arrangements for military deployments.
- To address immediate safety needs and impact of domestic violence or sexual assault.

FAMLI will pay up to $1,100 a week to employees on leave. Your weekly benefits depend on current wages:

About FAMLI

What is FAMLI?

Colorado voters passed Proposition 118 in November 2020, approving the creation of the Family and Medicare Leave Insurance Program [3]. It passed with 57.75% of voters supporting the initiative.

This social insurance program provides all Colorado workers a portion of their weekly salary for up to 12 weeks to care for themselves or their families, with an additional four weeks leave for pregnancy or childbirth complications.

The program is funded by both the employer and the employee. Premiums are set to 0.9% of the employee's wage, with 0.45% of the premium paid by the employer and 0.45% of the premium paid by the employee.

Why does CU have a private FAMLI program?

State law allows employers to offer a self-funded paid family leave program with benefits that meet or exceed the state’s FAMLI program, instead of participating in the state insurance program. CU submitted a private plan proposal, which was reviewed and approved by the state of Colorado.

CU’s self-funded, self-administered plan will allow the university to integrate and combine FAMLI leave with all CU’s leave programs. Because FAMLI coverage only replaces a percentage of an employee’s wages, employees will have the option to use paid sick leave, vacation leave and other types of leave or insurance coverage to make up the difference.

Like the state program, CU’s FAMLI plan will be funded with premiums split equally between CU and its employees. The program is funded by both the employer and the employee. Premiums are set to 0.9% of the employee’s wage, with 0.45% of the premium paid by the employer and 0.45% of the premium paid by the employee.

Who is subject to the .45% employee premium deduction?

- Employees working and living in Colorado who earn wages through CU’s payroll will see an after-tax deduction in each paycheck.
- CU Graduate Medical Education (GME) residents/fellows are considered employees and will be subject to the premium.
- Individuals in job codes 3201-3209 (on unique stipends and fellowships) are not considered CU employees and are not subject to the premium and may not use FAMILI leave.

Who qualifies as a family member for CU FAMLi leave purposes?

Family members include a covered individual’s child, parent, spouse, domestic partner, grandparent, grandchild, sibling or someone with whom they have a significant personal bond.

Understanding that families are not always traditional, CU will determine familial relationships by looking to the totality of the circumstances, including but not limited to:

- Shared financial responsibilities
- Emergency contact designations
- Expectation of care created by the relationship
- Cohabitation and geographical proximity

How often can I use CU FAMLi?

Employees are allowed 12 weeks of partial wage replacement through FAMLi every rolling 12-month period.

How does CU FAMLi work with other leave programs?

CU FAMLi may either run concurrently or in conjunction with other leave programs:

- **Family and Medical Leave Act (FMLA):** This federal program provides job protection for 12 weeks per rolling 12 months. FMLA will run concurrently with FAMLi when the need for leave meets the FMLA requirements.
- **CU Parental Leave and Paid Parental Leave (PPL):** CU Parental Leave runs concurrently with FAMLi and FMLA.
- **Short-Term Disability:** [5] This plan offers compensation for employees on a short-term disability leave. If enrolled in short-term disability, it will run concurrently with FAMLi and FMLA.
- **Vacation and Sick Leave** [6]: Accrued through employment, this leave can be used in conjunction with FAMLi, FMLA and PPL as the employee desires.
