Need to provide proof that you're a University of Colorado employee, or are you requesting documentation of an employee's status? Use The Work Number from Equifax online verification tool [6].

The Work Number® database is a simple, secure and a discreet way to help get proof of your employment and income information to companies when needed. It’s always on and available 24/7 so that you can get the approvals you need when you need them.

The employee has to give permission for a verifier to get your income information from The Work Number database. This is called Consumer Consent, and it’s usually part of an application you complete, for a job, for a lease, or for credit.

Employer Codes:

UNIVERSITY OF COLORADO – Employee code: 20579
