As a program participant, you have the opportunity to learn more about the University of Colorado, its role within the state and grow as a leader.

The Excellence in Leadership Program provides opportunities for faculty and staff to become more effective leaders who can successfully address the key challenges of a dynamic university. Throughout the 2023-24 academic year, you will attend monthly knowledge sessions, workshops and lectures to fill your leadership toolkit and succeed in your current and future roles as a CU leader. You will not only walk away as a more effective leader but also access to a nationwide network of fellow leaders.
