This Delta Dental plan grants access to providers such as a doctor, nurse, chiropractor, hospital, rehabilitation center, etc. only within the Delta Preferred Provider Option (PPO) network. A health care plan that has a contractual agreement with providers to offer health care services at discounted, negotiated fees within a network. The PPO plans may require some cost-sharing with deductibles, copays and/or coinsurance. Your PPO network is available in Colorado and throughout the United States. Essential Plan members must see a PPO provider to offer health care services at discounted, negotiated fees within a network. The PPO plans may require some cost-sharing with deductibles, copays and/or coinsurance. Coverage will not be offered for providers outside of the network. Once you meet the $25 per person plan deductible, you’ll be responsible for a percentage of your covered care costs, known as coinsurance. For example, if the coinsurance rate is 20%, then you are responsible for paying 20% of the bill, and the insurance company will pay 80%.
